2026 NEW PRODUCTS

ARAVEN POLYCARBONATE FOOD PANS - *LOCATED ON PAGE 236-237*

Engineered for busy kitchens, these next-gen pans cut waste, save labor, and boost efficiency—delivering durable, versatile performance at a competitive price.

Save Time & Labor
Built-in, reusable labeling system eliminates the need for masking tape and makes food rotation effortless

Drain Grates
Works with all Araven Polypropylene Pan Drains (pg 248) and all StorPlus™ Drain Grates (pg 241)

Universal Compatibility
Works seamlessly with Carlisle Universal Food Pan lids, Araven airtight lids, and Araven silicone lids

Use inverted stacking to accommodate taller or irregular items, while saving valuable space

TABLE OF CONTENTS

2026 NEW PRODUCTS

ARAVEN POLYCARBONATE FOOD CONTAINERS - *LOCATED ON PAGE 254-255*

Save time, cut waste, and keep food rotating efficiently with durable containers that stand up to daily use and deliver lasting performance.

Reduce Food Waste
Intuitive built-in label makes it easy for staff to track dates and contents at-a-glance

Seamless Transition
Reverse compatible with existing non-seal square lids, reducing training and replacement costs

Space-Saving Design
Stackable for efficient storage and designed to stack easily with other PC squares on the market

TABLE OF CONTENTS

2026 NEW PRODUCTS

ARAVEN POLYPROPYLENE FOOD PANS WITH LIDS - *LOCATED ON PAGE 246-247*

Maximize storage, minimize waste, and keep your kitchen running smoothly with durable, stackable pans designed for efficiency and freshness—every shift, every day.

Integrated Labeling System
Molded directly into the pans, our intuitive, reusable bilingual labels eliminate the need for masking tape

Reduce Food Waste
Each pan includes an Araven airtight lid—keeping food fresher, longer

TABLE OF CONTENTS

2026 NEW PRODUCTS

ARAVEN POLYPROPYLENE FOOD CONTAINERS - *LOCATED ON PAGE 256-257*

Cut waste, save time, and simplify rotation with durable, cost-smart containers designed for everyday performance.

HACCP Compliance Made Easy

Included interchangeable color clips help streamline safety procedures. Available in 7 colors, containers and lids can be color-coded by contents for quick identification

Integrated Labeling System

Molded directly into the container, the reusable bilingual labels eliminate masking tape. When used with the Araven Food Service Marker, labels wash clean in the dishwasher or with warm water

Reduce Food Waste

Each container includes an Araven airtight lid designed to release excess air and create a secure seal. This prevents moisture buildup, keeping food fresher longer—perfect for low-humidity storage needs

TABLE OF CONTENTS

2026 NEW PRODUCTS

ARAVEN POLYETHYLENE DEFROST SYSTEM - *LOCATED ON PAGE 265*

Thaw smarter with a perforated, ridged base that drains liquids away for faster, cleaner results. A solid pan collects runoff to prevent cross-contamination, making it the ideal solution for safely defrosting meat, fish, and more—without the mess.

ARAVEN DOUGH BOXES - *LOCATED ON PAGE 265*

Perfect for proofing pizza dough or storing and transporting finished products, these durable boxes feature reinforced walls, rounded corners for easy cleaning, and side grips for effortless handling. Colored tags make it simple to identify and manage doughs or other contents with ease.

ARAVEN INGREDIENTS BINS- *LOCATED ON PAGE 266*

Araven ingredient bins maximize storage and efficiency with a first-in, first-out design, color-coded clips, and reusable integrated labels on most sizes—helping reduce waste and streamline stock rotation.

First In, First Out
Designed to work with your FIFO system for better stock control and food rotation

Recommended Use
Ideal for dry foods like lentils, nuts, pasta, and rice

TABLE OF CONTENTS

2026 NEW PRODUCTS

ARAVEN CONDIMENT DISPENSERS - *LOCATED ON PAGE 116*

Perfect for sauces, dressings, syrups, and more, these dispensers are easy to fill, reduce waste with controlled portions, and save space with a compact design. Ideal for both kitchen efficiency and attractive self-service displays, pair with optional organizers for added convenience.

ARAVEN SAUCE BOTTLES - *LOCATED ON PAGE 208*

Perfect for oils, dressings, sauces, syrups, and reductions, these bottles feature ergonomic grips for precise dispensing, wide mouths for easy filling and cleaning, and silicone non-drip valves that double as storage caps. Interchangeable lids, adjustable nozzles, and flow-control features handle both thin and thick liquids with ease.

ARAVEN SHAKER DREDGES - *LOCATED ON PAGE 215*

Available in fine or coarse grains, these dredges are perfect for spices, salt, pepper, icing sugar, or flour. Featuring a dual-position measuring scale, traceability area, ergonomic grip for controlled flow, and a wide-mouth opening for easy filling and cleaning, they make precise seasoning effortless.

2026 NEW PRODUCTS

ESCALI TIMERS - *LOCATED ON PAGE 175*

Keep your kitchen on schedule with Escali Timers—precise, easy-to-use, and built to handle the demands of busy cooks. From quick reminders to long cooking tasks, they deliver accuracy and reliability every time.

ESCALI THERMOMETERS - *LOCATED ON PAGE 196-203*

Accurate, reliable, and easy to use, Escali Thermometers take the guesswork out of cooking and food safety—perfect for precise temperature checks in any kitchen.

TABLE OF CONTENTS

2026 NEW PRODUCTS

ESCALI SCALES - *LOCATED ON PAGE 224-233*

Precise, durable, and easy to use, Escali Scales make measuring ingredients quick and accurate—perfect for home cooks and professional kitchens alike.

WIPESPLUS BABY WIPES - *LOCATED ON PAGE 447*

Gentle, soft, and hypoallergenic, WipesPlus Baby Wipes care for delicate skin while keeping baby clean and comfortable — perfect for everyday use.

TABLE OF CONTENTS

MELAMINE DINNERWARE

MINGLE

- Has the look of handmade pottery with a lovely swirl pattern and a faux glazed edge
- Lightweight melamine is easier to handle compared to the weight of real pottery
- Raised foot elevates the plate from the table surface for a graceful serving silhouette
- Temperature insulated; resists drawing heat or cold away from food
- Suitable for indoor and outdoor use and in a variety of settings from dressy to casual

TABLE OF CONTENTS

DISH DOLLIES

OPTIMIZER™ ADJUSTABLE DISH DOLLIES

- Adjustable dividers eliminate the need for individually sized dollies
- Dollies hold plates from 5.5in to 12.5in
- Polyethylene dividers and walls help prevent dish edge chipping
- Two-handed access to all plates reduces breakage
- Includes vinyl cover with easy-opening hook and loop side included for sanitary storage

ADD4

ADD4 Optimizer Dollies:

- Can hold trays, plates, and platters for increased flexibility
- Holds five stacks of 9.88in to 11.25in plates; 25% more than any other similar dish dolly
- Use 2-4 dividers for 10in or larger plates; 6 dividers for 8in to 9.75in plates; 8 dividers for 8 stacks of 7.75in or smaller plates
- Use 2 dividers for 13.5in x 10.5in platters; 6 dividers for 9.5in x 7.25in to 12in x 9.25in platters.
- Non-marking casters (2 rigid 10" and 2 swivel locking)

ADD6

ADD6 Optimizer Dollies:

- Can hold trays, plates, and platters for increased flexibility
- Holds eight stacks of 5.5in to 8.25in plates; 33-50% more than any other similar dish dolly
  (up to 50 or more plates per stack, depending on plate profile)
- Use 2-4 dividers for 10in or larger plates; 6 dividers for 8in to 9.75in plates; 8 dividers for 8 stacks of 7.75in or smaller plates
- Use 2 dividers for 13.5in x 10.5in platters; 6 dividers for 9.5in x 7.25in to 12in x 9.25in platters.
- Non-marking casters (2 rigid 10" and 2 swivel locking)

ADS4

ADS4 Optimizer Dolly Features:

- A smaller size to fit through narrow corridors or under tables
- A flexible configuration to hold a variety of plates
- Features 4 swivel non-locking casters

MAXIMIZER™ FOOD BARS

- 6 foot Maximizer Food Bar offers upscale European styling
- Use with ice or with Coldmaster® standard food pans to keep food at 40°F or below for up to 8 hours
- Double-sided, acrylic sneeze guard attaches to post with six screw-in knobs
- Basin and cabinet come assembled (no tools required)
- Tilting sneeze guard makes it easier to clean and fill food bar and can be used as a service line sandwich bar

The Maximizer Portable Bar can be found in Bar Supplies on pg. 134

Double-sided, extra-wide sneeze guard allows service from both sides

Includes removable basin dividers

Easy-grip recessed handles in each corner of the basin for maneuverability

771103

Four, non-marking, swivel casters with brakes offer greater portability and stability

Additional food storage compartment with a built-in faucet for ice drainage behind its easy-open door

Built-in food pan carriers have easy-open, one-touch latch; use CaterCoolers™, (found on page 145) to keep foods cold even longer

COLDMASTER®

COLDMASTER = PEACE OF MIND

Coldmaster products are available in a variety of shapes and sizes from food pans to crocks to ice cream servers. Coldmaster offers peace of mind while it keeps your food cold and fresh. Enjoy the convenience of Coldmaster as it allows you to transport and keep food cold, without messy ice or electricity.

COLDMASTER PRODUCTS EXCEED HEALTH DEPARTMENT REQUIREMENTS

- With one overnight charge in your freezer, each Coldmaster keeps food at or below the ServSafe®* guidelines of 40°F for up to eight hours**

COLDMASTER PRODUCTS MEET FDA STANDARDS

- All Coldmaster products are filled with an exclusive non-toxic refrigerant gel
- Constructed of high-impact ABS plastic
- Dishwasher safe

*ServSafe is a registered trademark of the National Restaurant Association.
**Temperature retention is based on crocks being pre-frozen for a minimum of eight hours, then filled directly with pre-chilled foods. Testing was conducted under ambient room temperatures of 76°F.

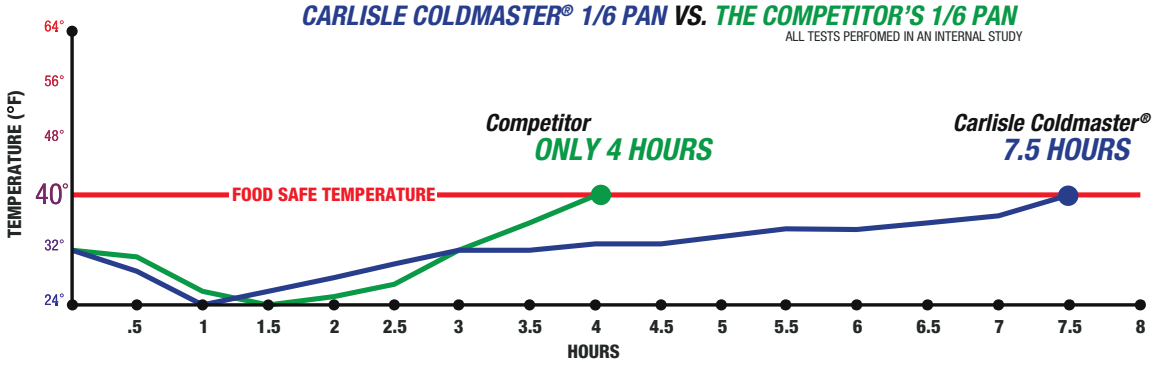

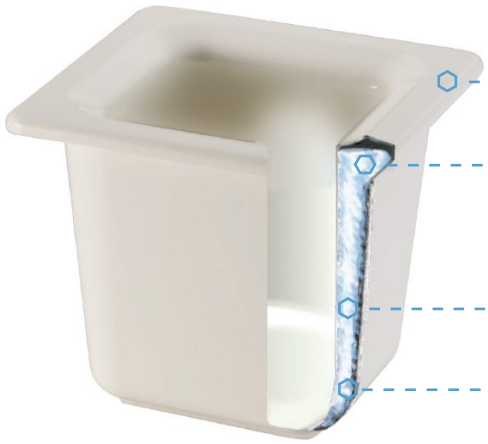

TABLE OF CONTENTS

COLDMASTER®

The Coldmaster Solution:

- High-impact ABS plastic holds up to foodservice use
- Exclusive refrigerant gel ensures high performance; non-toxic gel receives a cold "charge" when frozen overnight, which enables it to keep your food cold throughout the day
- Extra insulation surrounds refrigerant gel for maximum cold retention
- Refrigerant gel is enclosed in a bag; prevents leaks, even if shell is damaged

COLDMASTER® COOLCHECK™

- Patent-pending technology allows you to quickly see when temperatures are no longer safe
- Same great features as our standard Coldmaster products with the added element of color-changing technology
- Eliminates the guessing game behind food safety
- Unit holds food safely below 41°F for 6-8 hours*
- Reduces waste by "telling" workers when food temperature is safe
- Eliminates the mess and inconvenience of ice
- FDA approved
- Dishwasher safe; NSF listed

*Time will vary based on ambient room temperature

COLDMASTER® EZ ACCESS LIDS

COLDMASTER EZ ACCESS LIDS

- Lids fit standard Coldmaster food pans shown on facing page
- Snug fit ensures they won't pop off, even when leveling a Measure Miser (found on page 195) on the sidewall
- Innovative design includes lipped notches that allow the lid to be opened with a simple flick of the wrist or serving utensil
- Raised design allows maximum fill of your food pan
- Easy-clean design eliminates food traps and allows for easy cleanability
- Convenient hang hole for easy storage when not in use

SAFE ICE HANDLING

SAF-T-ICE® SCOOP CADDIES

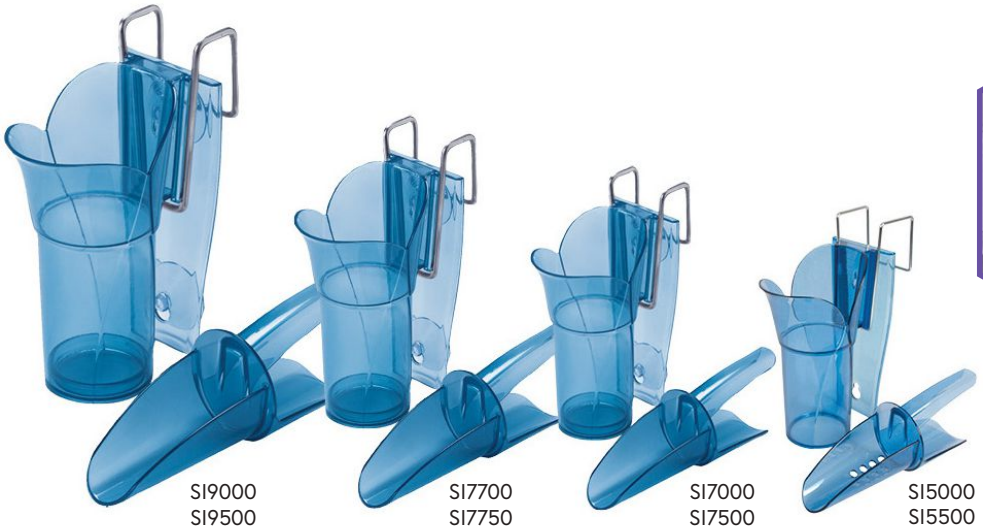

- Keeps your scoop safe from bacteria, dirt, and ice burial
- Wide opening accommodates commercial ice scoops up to 86oz
- Self-closing, hinged lid allows convenient, one-handed access to the scoop
- Crowned bottom channels water away from the ice scoop when stored
- Caddy can be easily installed and removed for cleaning with included self-adhesive tape or screws
- Quickly unmounts for efficient cleaning and sanitizing

SI2000

SAF-T-ICE® SCOOPS & GUARDIANS

- Protects ice from contact with knuckles and thumbs
- Domed scoop shape is designed for faster and safer ice serving
- Guardian holder provides dedicated safe and sanitary storage for Saf-T-Scoop when not in use
- Helps reduce health department violations by providing easy scoop storage and preventing them from being left in the ice
- Scoops have an ergonomically angled handle that provides outstanding balance and comfort

COMPARTMENT TRAYS

Our 6-compartment trays are designed to hold government "Type A" lunches & offer a cost-effective solution for portion control. Available in a variety of materials & in left-hand, right-hand, & omnidirectional configurations, there's a tray to suit any need.

- Melamine trays are heavy and rigid, as well as scratch- and break-resistant. They dry quickly and are highly resistant to chemicals and food acids, handling temperatures from 0° to 212°F.
- Polycarbonate trays come with a five-year warranty against breakage, making them ideal for correctional facilities. They offer good scratch and chemical resistance, withstands temperatures ranging from -40° to 212°F.
- Polypropylene trays are an economical and durable choice, featuring good chemical resistance with a temperature range of 30° to 180°F.
- ABS trays are break- and scratch-resistant, making them excellent for general use, and are highly resistant to chemicals and food acids, with a temperature range of 0° to 180°F.

SERVICE TRAYS

GRIPTITE™ 2 TRAYS

- Griptite 2 trays' non-skid surface is designed to grip drinks and plates better than any existing tray
- The new surface prevents spills and is designed to look and feel like new for years
- Increased skid resistance helps bars and restaurants reduce falls and lower the cost of spilled food and drinks
- Additional coating on sides of tray reduces wear and tear due to drops
- Improved stain resistance keeps trays looking new longer
- Heavy-duty fiberglass construction eliminates warping and breakage
- Trays are stain- and odor-resistant

CHOOSE THE CATERAIDE™ TO BEST FIT YOUR NEEDS

Good

LD, XT, TC & PC Series

LD, XT, TC and PC Series pan carriers withstand the wear and tear of high volume catering and insulate for 4-6 hours. PC Series Cateraides are our workhorse product and include both end loaders and top loaders that can be used for hot or cold food. PC top loaders feature automatic self-venting system, preventing unsanitary vent openings and lost vent caps. LD and XT beverage carriers feature a faucet 4in from the base to ensure space for cups or glasses and include the Nylex II™ latch mounted into steel reinforcement plates for extended life. XT beverage carriers stack with standard Cateraides or other major competitors. The TC sheet pan & tray carrier can accommodate up to seven 18 x 26in sheet pans and features an automatic self-venting system to eliminate unsanitary vent openings.

All Cateraides™ are NSF listed and made of rugged stain- & scratch-resistant polyethylene

TABLE OF CONTENTS

Better
Slide 'N Seal

Carlisle's patented* Slide 'N Seal™ design is combined with Carlisle's thick insulation to hold temperatures for 4 to 6 hours. Slide 'N Seal carriers have self-venting, sliding doors and lids. There are no metal parts, latches, hinges or gaskets to clean, break or wear out. A beverage server is also offered in our Slide 'N Seal line. Our patented unique lid seal provides leak-proof transport. These items have a sleek, contemporary appearance. The ergonomical design them easy to load, handle, stack and store. Items include a molded-in tag slot to seal and tag carrier for safey and food identification.

**Slide 'N Seal Pan Carrier Patent No. 7,134,552*

Best
IT Series

IT Cateraides are manufactured to provide superior food quality and safety. Designed for the professional, Cateraide IT features commercial foam insulation, reinforced corner and one-handed adjustable latches. The detailed design continues with recessed hinges that stay out of the way and are less likely to catch and break. Transporting is easier with multiple comfort-grip handles and secure stacking of units. Let Cateraide IT keep your food safe and secure

CATERING EQUIPMENT

CATERAIDE™ INSULATED END LOADERS

- Individual track for each food pan
- PC300N End Loader holds five 2.5in deep pans
- PC600N has twice the capacity of the PC300N
- PC600N's separate compartments enable you to put hot food in one, cold in the other
- Use with CaterCooler to help keep foods at a safe temperature longer

See page 234 for Food Storage Solutions

PC300N08

PC600N03

CATERCOOLER™

- Freeze CaterCooler overnight or for eight hours to keep food at or below the guidelines of 40°F for up to eight hours without ice*
- Designed to slide into a Cateraide End Loader, Double End Loader, or place on top of food pans in a Top Loader Durable polyethylene shell

PC66014

*Temperature retention is based on CaterCooler being pre-frozen for a minimum of eight hours, then placed directly into Cateraide pan carrier. Pan Carrier unit is then filled with pre-chilled food pans. Testing was conducted under ambient room temperature of 76°F.

BUTCHER'S TWINE

- 100% cotton butcher's trussing twine, perfect for trussing poultry, beef, and ham
- Secures meats in place during packaging and roasting
- Can also be used to tie up seasoning bouquets and keep herbs together without chopping
- Comes on a cone-shaped spool for tidy organization and easy access
- 30-ply thickness and 65lb tensile strength ensures durability
- 1,625ft. per cone

BT30

OIL BOTTLE & SPRAYER

- 16oz capacity
- Amber color protects light-sensitive oils
- Value alternative to aerosol cans of oils
- Pre-labeled to ensure segregation from cleaning bottles
- Bottles are made of PET for easy recycling
- Sprayer (sold separately) has adjustable spray nozzle
- Metered application reduces food waste and improves consistency

SAF-T-ICE® TOTE

san jamar

INNOVATION FOR SAFER ICE

The fact is, ice is food. That means it's as susceptible to the same risks of cross-contamination as any other food, especially from contact with bare hands, dirty scoops, or contaminated containers.

Protect ice from dangerous contamination during transport with Saf-T-Ice® Totes. The dedicated ice totes feature an integrated comfort handle with raised Tri-Grips™ to prevent hand contamination and for easy and safe pouring at any level. Patented HACCP Hanger™ attaches to ice machines for faster and more efficient filling of ice totes.

FEATURES & BENEFITS

- Integrated comfort handle with raised Tri-Grips™ to prevent hand contamination and for easy and safe pouring at any level
- Patented HACCP Hanger™ attaches to ice machines for faster and more efficient filling of ice totes

Original Ice Tote
6-gallon (22.7 L) for high capacity

HACCP Hanger™
eases back strain by bringing the tote up to waist level while filling and raises tote off the ground to keep bottom surface clean

Shorty™ Ice Tote
5-gallon (18.9 L) size for lighter carrying & easier cleaning in dishwasher

Trilingual label

Integrated Handi-Hook™
allows tote to be hung upside down for easy drying and sanitary storage

Tri-Grip™ grab points
provide secure handling at any level

Optional Saf-T-Ice® Tote snap-tight lid
offers additional ice security and protection

TABLE OF CONTENTS

COLDMASTER®

COLDMASTER = PEACE OF MIND

Coldmaster products are available in a variety of shapes and sizes from food pans to crocks to ice cream servers. Coldmaster offers peace of mind while it keeps your food cold and fresh. Enjoy the convenience of Coldmaster as it allows you to transport and keep food cold, without messy ice or electricity.

COLDMASTER PRODUCTS EXCEED HEALTH DEPARTMENT REQUIREMENTS

With one overnight charge in your freezer, each Coldmaster keeps food at or below the ServSafe®* guidelines of 40°F for up to eight hours**

COLDMASTER PRODUCTS MEET FDA STANDARDS

- All Coldmaster products are filled with an exclusive non-toxic refrigerant gel
- Constructed of high-impact ABS plastic

*ServSafe is a registered trademark of the National Restaurant Association.

**Temperature retention is based on crocks being pre-frozen for a minimum of eight hours, then filled directly with pre-chilled foods. Testing was conducted under ambient room temperature of 76°F.

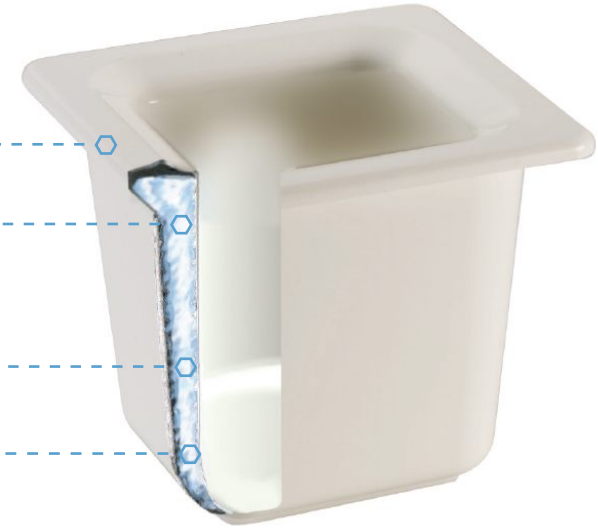

THE COLDMASTER SOLUTION:

High-impact ABS plastic holds up to foodservice use

Exclusive refrigerant gel ensures high performance; non-toxic gel receives a cold "charge" when frozen overnight, which enables it to keep your food cold throughout the day

Extra insulation surrounds refrigerant gel for maximum cold retention

Refrigerant gel is enclosed in a bag; prevents leaks, even if shell is damaged

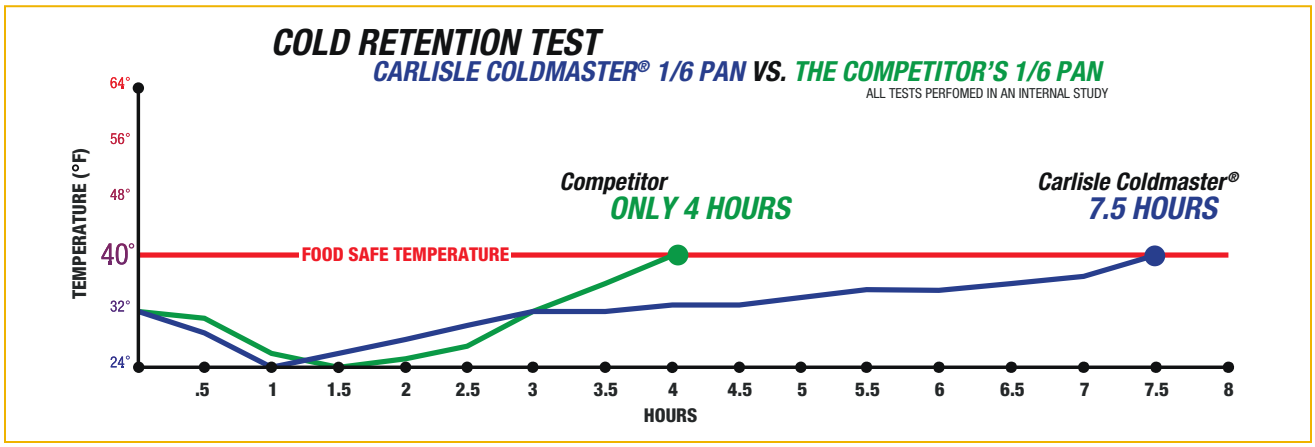

TABLE OF CONTENTS

COLDMASTER®

OURS VS. COMPETITOR

Exclusive refrigerant gel ensures high performance

Extra insulation surrounds refrigerant gel for maximum cold retention

NON-TOXIC gel receives a cold "charge" when frozen overnight, which enables it to keep your food cold throughout the day

Refrigerant gel is enclosed in a bag; PREVENTS LEAKS, even if shell is damaged, ensures 100% coverage and helps keep it in place

VS.

Units must be stored upside down, or food in the unit is not chilled at the top of the pan

Gel is not enclosed in a bag, less protection if there is a break

No additional insulation means that there is much less "chill time"

Limited Assortment

White indicates above food safe temp

Blue indicates food safe temp

TABLE OF CONTENTS

SAUCE BOTTLES

EZ-KLEEN® SAUCE BOTTLES

- The innovative "first-in, first-out" design promotes proper food rotation and minimizes waste.
- The smooth side walls of the bottles prevent sauce residue, making cleaning effortless and reducing the risk of bacterial contamination.
- Color-coded caps prevent cross contamination and make it easy to spot the different sauces at a glance.
- Interchangeable lids allow for secure storage of leftovers, facilitating quick prep and prioritizing the use of older sauces first.
- Designed to fit standard bottle organizers, the EZ-KLEEN® sauce bottle streamlines the prep line for a faster and more efficient service.

Easy To Use
Same-sized openings on both ends let users easily swap out the valve cap with solid caps

Easy-to-Clean
Smooth side walls make clean-up easy, and reduce bacteria build up

Leak-Resistant Valves
Leak-resistant valves are guided by gravity

Prevent Contamination
Use our color-coded caps to avoid cross-contamination in your kitchen

Quick Identification
Color-coded caps make it easy to identify different sauces during busy food prep

Convenient Sizing
EZ-KLEEN® Sauce Bottles are available in 12-, 16-, 20-, and 24-ounce sizes.

User-Friendly
Three valve options for thin-to-thick sauce dispensing:
- Green valve for thin sauces like balsamic vinegar
- Yellow valve for standard viscosity sauces like ketchup
- Blue valve for thicker condiments like mayonnaise

Green Valve
For thin sauces like balsamic vinegar

Yellow Valve
For standard viscosity sauces like ketchup

Blue Valve
For thicker condiments like mayonaise

CUTTING BOARD ACCESSORIES

CUTTING BOARD SMART CHART

- Reduces cross-contamination risk by promoting safe and organized cutting board use
- Facilitates staff training and ensures all employees follow proper cutting board practices
- Customizable to designate specific uses for each cutting board color
- Features color blocks and stickers for each food type (e.g., raw meat, poultry, vegetables) to visually guide staff

CBCWLCTST

CUTTING BOARD STORAGE STAND

- Compact footprint holds up to 6 cutting boards, making efficient use of counter space
- Integrated handles provide a stable grip when transporting a full rack, reducing accidental drops
- Accommodates most cutting boards up to 24 x 18 x .75in
- Textured rubber feet prevent rack from sliding on stainless steel surfaces

TABLE OF CONTENTS

SPARTA® BRUSHES

METEOR® PASTRY/BASTING BRUSHES

- Molded-into-the-handle hook hangs on lip of crocks and containers to prevent bristle burn, melt, or distortion
- Use hook to elevate bristles off of counter tops
- Soft flagged bristles are molded into handle to prevent bacteria-harboring air pockets
- Available with nylon bristles or double-boiled, bleached, sterilized, premium boar bristles

GALAXY™ PASTRY BRUSHES

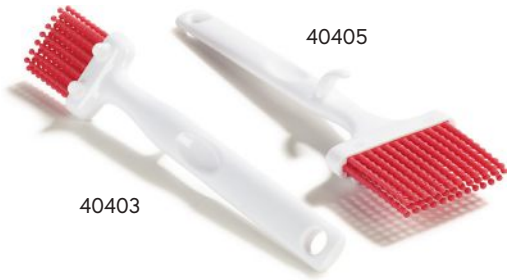

- Bristles are epoxy-set to prevent bacteria-harboring air pockets
- One-piece plastic handles are easy to clean
- Available with soft, flagged, nylon bristles
- Select brushes also available with blue nylon bristles for added contrast when working with white frosting or other white foods

SILICONE BASTING BRUSHES

- Unique bristle design carries and spreads liquid better than ordinary silicone basting brushes
- Withstands temperatures up to 500°F
- Convenient molded-in hanging hook grabs pan edges to keep brush from sliding in
- Stain and odor resistant

STORPLUS™ FOOD PANS

STOREPLUS™: COMPLETE STORAGE SOLUTIONS

Durable polycarbonate and high-heat pans resist chips and cracks, with easy-clean interiors and spoonable bottoms to reduce food waste. Compatible with StorPlus™ lids and accessories, featuring a textured, non-slip finish and molded-in capacity indicators.

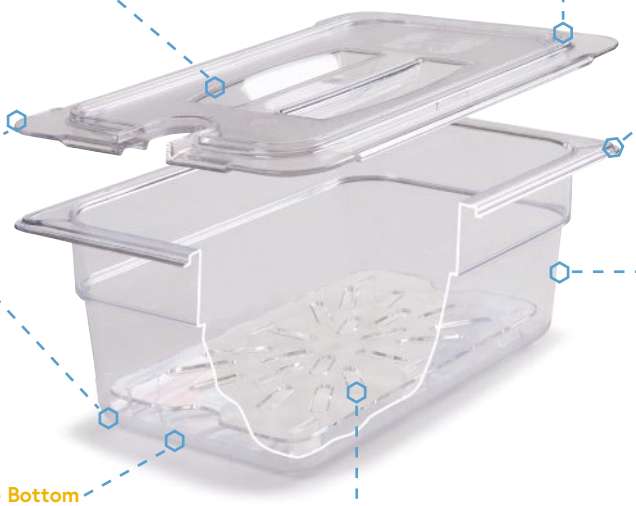

Universal Lid, Recessed Handle
Offers a secure grip. Notched lids allow easy access with serving spoons. Rim around notch helps prevent contamination from spills.

Rim Around Top Of Lid
Helps stabilize stacked food pans.

Reinforced Corners
Gives extra support and increased strength to resist breakage and warping of food pan rims.

Textured Bottom and Lid
Reduces scratches. Clear sides allow for easy viewing of contents.

Capacity Indicators
Sides of Food Pan are marked in both liter and quart capacities. Pan capacity/set for flush fill and portion counts are molded-in to exterior of food pan bottom for easy portion control.

Spoonable Bottom
Adds structural rigidity and allows easy access to contents to eliminate food waste.

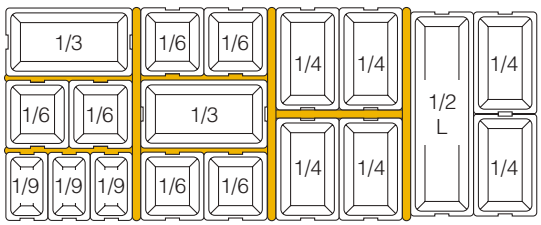

Drain Shelves
Sturdy feet support contents and allow room for easy drainage.

HIGH HEAT FOOD PANS

HIGH HEAT FOOD PANS & LIDS

- High heat pans excel in high temperature applications (-40°F to 375°F)
- Reinforced top and bottom corners on both pan and lid helps prevent chipping and cracking
- Spoonable bottoms makes removal of contents easier and helps prevent food waste
- Molded-in capacity indicators are listed in both quarts and liters
- Textured non-slip finish on corners, sides, bottom and lid reduce scratches
- Smooth interior finish makes clean-up easy
- Food Pan sizes meet specifications for use in food bars and steam tables
- Pans meet EN 631-1 Euro Norm standards for inter-stacking with existing pans

TEMPERATURE USE RANGE: -40-375°F

TABLE OF CONTENTS

DURAPAN™ FOOD PANS & LIDS

DURAPAN™ FOOD PANS & LIDS

These sturdy and versatile pans are made from versatile 18-8 stainless-steel. Pans transition easily from freezer to oven to serving line, making them perfect for cook-chill operations.

Recessed Handles
Large, recessed handles offer a secure grip. Notched lids allow easy access with serving spoons.

Full Shoulders
Prevent jamming during storage and provide added strength for longer life.

Spoonable Bottoms
Add structural rigidity; allows easy access to food and makes clean up easier.

Double Reinforced Corners
With unique impact resistant edge design holds shape even under the toughest conditions.

Use DuraPans with Coldmaster Coldpans (page 252) to keep foods cold without ice or electricity.

COLDMASTER®

COLDMASTER = PEACE OF MIND

- Coldmaster products are available in a variety of shapes and sizes from food pans to crocks to ice cream servers. Coldmaster offers peace of mind while it keeps your food cold and fresh. Enjoy the convenience of Coldmaster as it allows you to transport and keep food cold, without messy ice or electricity.

COLDMASTER PRODUCTS EXCEED HEALTH DEPARTMENT REQUIREMENTS

- With one overnight charge in your freezer, each Coldmaster keeps food at or below the ServSafe®* guidelines of 40°F for up to eight hours**

COLDMASTER PRODUCTS MEET FDA STANDARDS

- All Coldmaster products are filled with an exclusive non-toxic refrigerant gel
- Constructed of high-impact ABS plastic

*ServSafe is a registered trademark of the National Restaurant Association.

**Temperature retention is based on crocks being pre-frozen for a minimum of eight hours, then filled directly with pre-chilled foods. Testing was conducted under ambient room temperature of 76°F.

For more details about our Coldmaster products, please see pages 192-193

TABLE OF CONTENTS

COLDMASTER®

The Coldmaster Solution:
High-impact ABS plastic holds up to foodservice use

Exclusive refrigerant gel ensures high performance; non-toxic gel receives a cold "charge" when frozen overnight, which enables it to keep your food cold throughout the day

Extra insulation surrounds refrigerant gel for maximum cold retention

Refrigerant gel is enclosed in a bag; prevents leaks, even if shell is damaged

ARAVEN SQUARES

POLYCARBONATE SQUARE FOOD CONTAINERS
DURABLE. EFFICIENT. DESIGNED TO DO MORE

NEW PRODUCT

Streamline storage and food rotation with containers built for performance, safety, and savings. Strong, versatile, and built to last, these polycarbonate containers provide everything kitchens need to stay efficient and organized.

Seamless Transition
Reverse compatible with existing non-seal square lids, reducing training and replacement costs

Space-Saving Design
Stackable for efficient storage and designed to stack easily with other PC squares on the market

Reduce Food Waste
Intuitive built-in label makes it easy for staff to track dates and contents at-a-glance

91901 with 11970

Crystal Clear Durability
Polycarbonate's glass-like finish allows quick food identification while withstanding heavy daily use—reducing prep time and improving workflow

Save Time & Labor
Integrated, reusable labeling system eliminates masking tape. Paired with the Araven Food Service Marker, labels wash clean in the dishwasher or with warm water

Cost Competitive
Premium features at a price point comparable to standard containers—delivering more value with every square

ARAVEN SQUARES

POLYPROPYLENE SQUARE FOOD CONTAINERS FRESHNESS, SAFETY, AND EFFICIENCY—ALL IN ONE SYSTEM

NEW PRODUCT

Built for busy kitchens, these innovative food storage containers reduce waste, save time, and make food rotation effortless. Durable, versatile, and cost competitive, these polypropylene squares deliver maximum functionality and safety at a price that makes sense.

TEMPERATURE USE RANGE: -40-203°F

BPA Free

Reduce Food Waste

Each container includes an Araven airtight lid designed to release excess air and create a secure seal. This prevents moisture buildup, keeping food fresher longer—perfect for low-humidity storage needs

HACCP Compliance Made Easy

Included interchangeable color clips help streamline safety procedures. Available in 7 colors, containers and lids can be color-coded by contents for quick identification

Integrated Labeling System

Molded directly into the container, the reusable bilingual labels eliminate masking tape. When used with the Araven Food Service Marker, labels wash clean in the dishwasher or with warm water

All Inclusive Value

Unlike other options, each container's price includes the airtight lid—making ordering simple and straightforward

Space-Saving Design

Stack securely when filled or nest neatly when empty to maximize storage space

CARLISLE SQUARES™

SQUARE FOOD STORAGE CONTAINERS

- Perfect for storing condiments, spices, toppings, or other preparation items
- Stacking lugs add rigidity and eliminate jamming
- Stackable with other popular brands; compatible lids fit competitors' food storage containers
- Wide handles and drain holes available on all sizes for easy-grip and quick drying
- Writing surface available to record dates and reduce food waste
- Color-coded, textured snap-on lids fit both the polycarbonate and polyethylene containers
- Smooth interior finish with spoonable bottom helps prevent food waste and makes clean-up easy
- Clear polycarbonate containers provide exceptional durability and can withstand temperatures from -40°F to 212°F
- Economical white polyethylene containers withstand temperatures from -40°F to 180°F

TABLE OF CONTENTS

STORPLUS™ STORAGE BOXES

STORPLUS STORAGE BOXES & LIDS

Storplus storage boxes help employees easily identify proper storage containers, eliminating cross-contamination.

Textured Lid
Non-slip textured finish for longer wear.

Material Choices
Available in durable polycarbonate or practical, economical polyethylene.

Lid Corners
Reinforced to help prevent chipping and cracking.

Reinforced Rim
Provides extra strength when transporting filled containers

Textured Finish
Non-slip textured finish on corners, sides and bottom of box reduce scratches — keep boxes looking newer, longer.

Capacity Indicators/ 12in x 18in size only
Allows prepping and portioning in the same container as transport and storage.

Easy-Grip Reinforced Handles
Reinforcement ribs add strength and rigidity for a more secure grip.

Reinforced Box Corners
Help prevent chipping and cracking.

Date Indicators
Convenient date indicators on all four sides and on lids for easy recognition.

Recommended Use
Clear boxes are for dairy foods, ready-to-eat, and cooked foods.

Servsafe® Recommended Stacking Order:

- Cooked/Dry Foods & Dairy
- Fruits/Vegetables
- Meats
- Fish/Seafood
- Poultry

ServSafe is a registered trademark of the National Restaurant Association Educational Foundation, and used under license by National Restaurant Association Solutions, LLC, a wholly owned subsidiary of the National Restaurant Association.

STORPLUS™ STORAGE BOXES

Lids are reversible, stackable, and make great serving trays for catering.

FLOOR RACK

FLOOR RACK SYSTEM

- Interlocking modular system provides a raised surface in dry and cooling storage areas
- Perfect for areas where moisture collects on the floor
- Open design allows for air circulation
- 12in square units lock together, holds up to 3,000 pounds per square foot
- Made of FDA approved high density polyethylene; withstands temperatures from -40°F to 180°F
- Dishwasher safe or clean with hose

ARAVEN INGREDIENT BINS

INGREDIENTS BINS

Araven ingredient bins optimize space by using efficient food storage methods, helping to reduce waste and improving stock rotation.

TEMPERATURE USE RANGE: -40-203°F

BPA Free

NEW PRODUCT

First In, First Out

Designed to work with your FIFO system for better stock control and food rotation*

Extra Storage

Convenient top tray is perfect for storing Araven Sauce Bottles (*Located on page 208*)**

*** 09308 only*

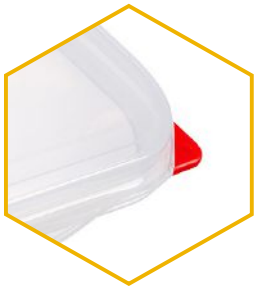

Space Saving Design

Stackable for efficient storage

Easy Transport

00919 & 00920 have tough polyamide wheels to facilitate transport

HACCP Ready

7 interchangeable color clips (included) help ensure compliance with food safety procedures*

** 00918, 09144, 09145 & 09146 only*

Recommended Use

Ideal for dry foods like legumes, nuts, pasta, and rice

Integrated Label

Molded directly into the pans for easy food identification

SAFE HANDS PRODUCT GUIDE

At CFS Brands...We Know Safe Hands

Find the right fit with the best protection for any job at hand. Whether baking in an oven, working over open flames, on a grill, frying in hot oil, washing dishes or using a sharp knife, selecting the right protection is imperative. This chart will help you determine the best level of hand protection for any job you encounter in the kitchen.

Cold/Freezer | Oven | Open Flame | Cut Protection | Hot Liquid/Oil | Hot Food | Steam

- ☐ E-Z Glide™ Rack Dollies

NOT ALL PLASTICS PERFORM THE SAME WAY
Compare material types and find the one that best fits your needs in our **PLASTICS GUIDE** on page 458

TABLE OF CONTENTS

GLASS RACK SIZING GUIDE

INSTRUCTIONS TO DETERMINE PROPER COMPARTMENT SIZE:

1. Place glass upside down on top of the middle circle of the sizing guide; center of the glass (or the stem on stemware) should be over the center of the guide.
2. Look down on the base of the glass. Note the smallest **square (Opticlean™)** or **hexagon (Opticlean™ NeWave)** that the largest diameter of the glass fits within. This will determine the number of compartments.
3. To determine height of rack, place glass on side. Align the base of the glass at 0in on the vertical ruler guide on the left-hand side of the page.
4. Note where the lip of the glass lines up against the measurements. Use this measurement for the table on page 297.
5. Our unique OptiClean Warewashing rack system allows you to build the perfect rack for any application. Glasses with a maximum height exceeding 10½in will need more than five extenders. Custom racks requiring more than five extenders are available for order by contacting a CFS Brands customer service representative. Each extender adds approximately 1½in of additional height to the inside compartment of the rack. For glasses with a maximum diameter exceeding 6in, We recommend using the RTP peg rack. The RTP peg rack can be custom ordered to accommodate any glass height.
6. Please contact your CFS Brands representative to place your order, or for more information about building the ideal rack for your needs.

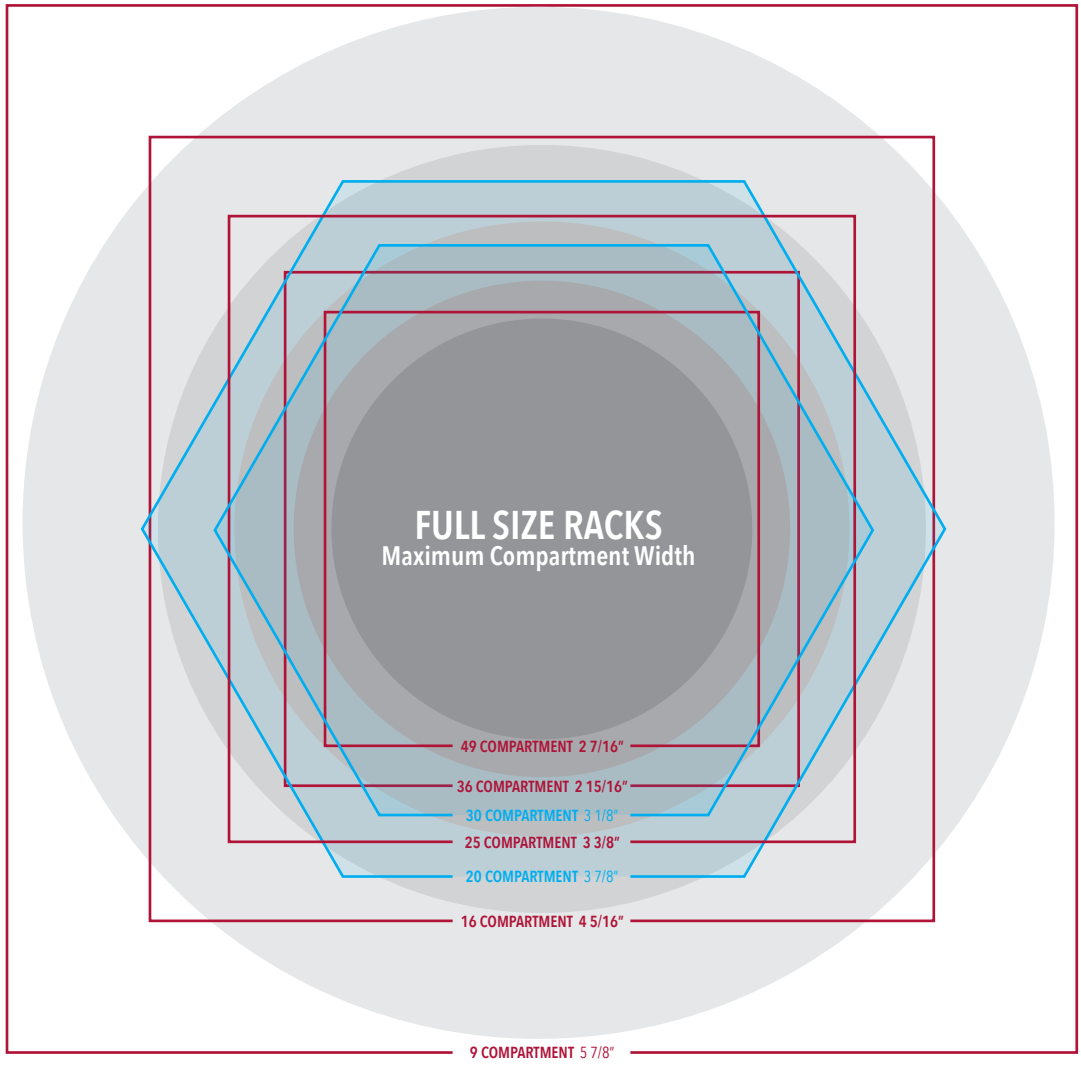

TABLE OF CONTENTS

GLASS RACK SIZING GUIDE

OPTICLEAN™ RACKS

OptiClean Racks are designed for optimal performance and efficiency.

Their durable honeycomb structure provides exceptional strength while their open wall design allows for superior water and soap flow.

To find the OptiClean rack that best fits your needs, please consult the tables on pages 297-300 and follow these instructions:

1. Determine whether you want all one color (Section 1) or a color-coded glass rack (Section 2).
2. Utilize the measurements from "Instructions to Determine Proper Compartment Size" or the dimensions (height and diameter) of your glassware.
3. Locate the corresponding height in the left column of the table.
4. Find the corresponding diameter in the top row of the table.
5. Find the cell where the height and diameter intersect.
6. If the cell contains a single product number, that's the rack you should order.
7. If the cell contains two product numbers joined by a plus sign, you'll need to order both products to accommodate your glassware.

REWXXSC89	Lavender Extender

TABLE OF CONTENTS

HOW TO CREATE THE CORRECT WASHRACK ITEM NUMBER

1. Each item begins with an R for rack

2. Second digit indicates type
   - G // Glass
   - W // NeWave
   - C // Cup
   - P // Peg/Plate*
   - B // Bowl*
   - F // Flatware*
   - SP // Sheet Pan*
   - FP // Food Pan*
   - PC // Plate Cover*
   - TP // Tall Peg*
   - OP // Open Peg*

*Skip to Step Six
Only available in Blue(14)

3. Glass, NeWave (only 20 or 30) & Cup (only 16 or 20) racks have additional digits beginning with number of compartments
   - 9 // Nine Compartment
   - 16 // Sixteen Compartment
   - 20 // Twenty Compartment
   - 25 // Twenty-five Compartment
   - 30 // Thirty Compartment
   - 36 // Thirty-six Compartment
   - 49 // Forty-nine Compartment

4. To add extenders, add a dash and the # of extenders*
   - -1 // One Extender
   - -2 // Two Extenders
   - -3 // Three Extenders
   - -4 // Four Extenders
   - -5 // Five Extenders

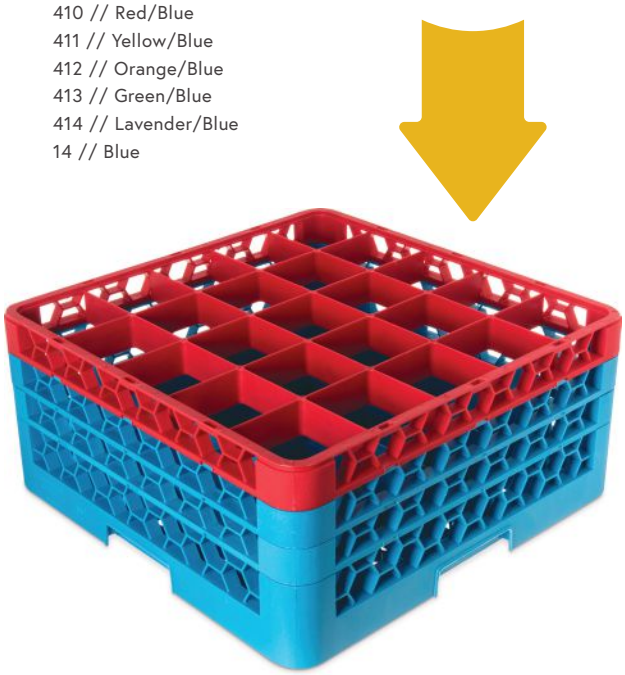

* RW racks have a standard integrated extender, therefore an additional extender for each line listed above e.g. RW20-1 includes two extenders.

5. If you want color-coded extenders, add a C — Otherwise, skip this step

6. Lastly, add the color-code
   - 410 // Red/Blue
   - 411 // Yellow/Blue
   - 412 // Orange/Blue
   - 413 // Green/Blue
   - 414 // Lavender/Blue
   - 14 // Blue

7. This order is for a glass rack with 25 compartments, 3 extenders and the top extender is red.

TABLE OF CONTENTS

OPTICLEAN™ DISH RACKS

OptiClean™ dish racks offer the safest and most sanitary cleaning choices for everything from the most fragile tableware to heavy-duty kitchen items such as utensils and cutlery. These racks are NSF listed and offer sturdy double wall construction and Comfort Curve™ handles molded into all four sides.

PEG RACKS

- Holds plates, trays, and platters at the best angle to take full advantage of today's multiple spray, high-pressure dishwashers
- Plate locks hold dishes firmly in place to protect delicate rims, reduce chipping and breakage
- Use with additional open extenders (RE) to create the perfect rack for irregular or oversize drinkware
- NSF listed

TALL PEG PLATE & TRAY RACK

- Extra tall 2.94in pegs are ideal for charger plates, pasta bowls, large platters, and trays

OPEN END PEG RACK

- Tall 2.94in pegs with open-ended design hold all types of trays, standard-size baking sheets, and other long items

OPEN/BOWL RACK

- Sturdy open-bottom rack is ideal for all large bowls, containers, brushes, cookware, and cutlery

COMBINATION/FLATWARE RACK

- Bottom grid allows for free flow of water and air
- Keeps flatware in place for thorough washing and drying
- Perfect for ramekins and other small items

DRY FLOOR CARE GUIDE

THE MAKINGS OF A BROOM

Factors to Consider for Choosing the Right Broom

1

Handle

Length gives versatility and material determines strength. A tapered end can allow for more broom styles.

2

Block

Usage determines feature need, while overall length allows for additional floor coverage in less time.

3

Bristle Material

Determines overall bristle strength and breakage, and life of the broom.

4

Bristle Trim

Length depends on type of debris, surface type, square footage and level of cleaning needed.

5

Bristle End

Flagged for more coverage and unflagged for uneven surfaces, debris and cleaning versatility.

6

Bristle Fill/Tuft

Debris and type determines density and thickness.

TABLE OF CONTENTS

DRY FLOOR CARE GUIDE

BROOM CONSTRUCTION

1 Handle

Aluminum

Lightweight, durable, high chemical resistance. Standard thread. Prevents shattering.

Fiberglass

Polyester veil prevents fiberglass surface splintering. Standard thread, withstands forces up to 250 lbs. Hanging cap. Assorted colors.

Stainless Steel

Heavy duty, providing rigid stability and high chemical resistance. Standard thread.

Coated Metal

Variety of coats including powder, heavy-duty powder, with handle options including plastic, synthetic wood, and metal.

Plastic

Lengths range from 36" to 60". Variety of standard threaded styles and sizes with reinforced tip.

Wood (LVL) Laminated veneer lumber

Stronger, straighter, and more uniform without warping, twisting, bowing or shrinking. Lengths range from 40" to 72" with standard thread.

Other Handle Features to Consider

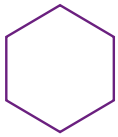

Dual Grip

Hang Cap

Telescopic Extension

Tip & Thread

2 Block

Plastic

Hygienic and chemical resistant.

Polypropylene + Foam

Additional durability for long-term, daily use. FDA compliant.

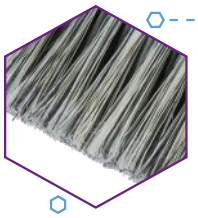

Hardwood

Widely shaped for dual handle holes and additional brace connectors.

TABLE OF CONTENTS

DRY FLOOR CARE GUIDE

3 Bristle Material

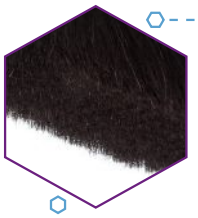

Flagged Polystyrene

A specially treated type of Polystyrene that has excellent bristle bend recovery and tear/break strength. Very good chemical resistance and fine bristle tip design resists matting for use up to 180°F. Best choice for floor sweeps and brooms.

Best Use:

Best choice for floor sweeps and brooms.

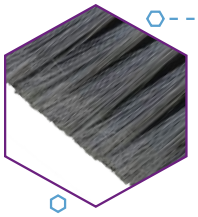

Horsehair

A natural pointed tip, good shear/break resistance, and soft cleaning properties. Premium ultra-smooth natural fiber used to sweep fine debris on smooth surfaces.

Best Use:

Good durability and excellent blending properties make this an ideal choice for interior floor sweeps when blended with other fibers.

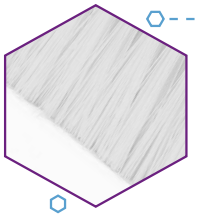

Polypropylene

Excellent chemical resistance to acids, oils, fungus, and bacteria growth. Good abrasion resistance and shear/break strength. Sustains temperatures up to 225°F.

Best Use:

Best choice as an economical synthetic foodservice alternative to natural fibers.

Nylon

Excellent abrasion resistance, shear/break strength, and bristle bend recovery. Very good chemical resistance and sustains temperatures up to 350°F.

Best Use:

Best choice for abrasive, rough use.

Natural Corn

Produced from corn straw. Ideal for sweeping dust and fine dirt in dry conditions. Highly durable, non-damaging on floors.

Tampico

Soft, natural, durable fiber with high resistance to heat and chemicals, used to sweep fine debris on wet or dry smooth surfaces.

Palmyra

Rugged, natural fiber for medium to heavy debris on rough surfaces. Wet or dry.

Synthetic Corn

Chemical and liquid resistant, withstands high temperatures up to 225°F. Ideal for carpets and entry mats.

Polyester

Medium stiff for aggressive cleaning. Excellent chemical resistance.

Silicone Carbide

Aggressive floor scrubbing and stripping withstanding temperatures up to 500° F.

The majority of our bristles are made with recycled materials.

TABLE OF CONTENTS

DRY FLOOR CARE GUIDE

4 Bristle Trim

Short: less than 3"

Fine or condensed dirt and debris, smaller footprints and spot cleaning.

Medium: ranging 3" to 4"

Dirt, dust and debris, general all-purpose to aggressive cleaning.

Long: more than 4"

Heavy debris, stiffer bristles allow for aggressive cleaning.

5 Bristle End

Flagged

Pick up dust and fine debris.

Unflagged

Best used on rough surfaces and aggressive cleaning conditions.

6 Bristle Fill/Tuft

Thickness

Thicker bristle patterns give strength to pick up larger debris.

Density

Hold fine dust depending on overall bristle density.

BROOM FEATURES

Cleanability

How much dust, dirt and debris is removed, as well as amount of cleaning level.

Coverage

The proper size depends on overall square feet and bristle trim.

Durability

How long it will last or perform before needing replacement.

Versatility

Preforms under wet conditions: liquid, oil, chemical, heat, rough, smooth, indoor or outdoor.

TABLE OF CONTENTS

UPRIGHT BROOMS

SPARTA

DUO-SWEEP® ANGLED BROOMS

- Angled head reaches into corners, along walls, into small areas between appliances, and into other hard-to-reach areas
- Flagged brooms have frayed ends to catch fine dust and debris for a deeper clean and are great for use on smooth surfaces
- Unflagged brooms are great for larger debris and rough surfaces
- Unflagged bristles prevent ends from matting, making this style perfect for back-of-house and outdoor applications
- Block made with tough and durable material that resists cracking, splitting, and chipping
- Standard color (00) angle brooms have two handle holes: one angled, one upright
- Color-coded options support an internal HACCP sanitary maintenance system
- Color-coded angle brooms have one handle hole making them more hygienic and HACCP compliant

FLOOR SCRUB BRUSHES

SPARTA

COLOR-CODED BI- AND MULTI-LEVEL SCRUB BRUSHES

- Nonabsorbent bristles are resistant to oils and moisture
- Recommended for cleaning kitchen floors, under counters, around equipment, and along baseboards
- Floor scrubs are made with multiple brush surfaces for cleaning at different angles
- Non-absorbent plastic blocks and synthetic bristles wash easily and prevent gathering of mold and mildew
- 40422EC features end bristles for even more efficient scrubbing of baseboards and corners without having to change tools
- Color-coded options to support an internal HACCP sanitary maintenance system
- Features standard, 3/4-5 ACME threads

TABLE OF CONTENTS

WET MOPPING GUIDE

THE MAKINGS OF A MOP

Headband
Available in a variety of sizes and textiles, this style drives the handle pairing

Yarn
Your cleaning tasks will determine the appropriate yarn type

End
Available in looped-end or cut-end variations

Tailband
Prevents yarn from tangling and provides more prominent floor coverage

Factors to Consider for Choosing the Right Mop

1. **Yarn Type**
Determines the mops' absorbency, durability, release and launderability.

2. **Headband Type**
Dictates the mop handle selection, can be made of cloth or mesh.

3. **Tailband Type**
Ranges from small to x-large sizes and prevents tangling and improves floor coverage.

4. **End Type**
Available in looped-end or cut-end and impacts launderability, fraying, linting and unraveling.

TABLE OF CONTENTS

WET MOPPING GUIDE

MOP CONSTRUCTION

1 Yarn Type

Cotton
Good absorption and retention with limited shrinkage. Designed for general use - scrubbing and cleaning up liquids.

Synthetic Blend
Excellent choice for performance, price and durability, synthetic yarn is long-lasting and machine washable.

Microfiber Fabric
Superior absorbency, launderability, durability and withstands harsh commercial chemicals.

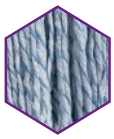

Grease Release
Absorbs grease and releases into bucket, ensuring a clean mop for each pass.

Rough-Floor
Heavy-duty, super absorbent and perfect for abrasive surfaces.

Rayon
Less linting, quicker absorption, easy release, fast drying and mildew resistant. Great for applying disinfectant or floor finishes.

Finish
Designed to release liquid faster than conventional mops for a smoother finish. Also highly durable, launderable and absorbent.

Microfiber
Provides a deeper clean, reducing the need for excess chemicals an ideal general-purpose mop.

Anti-microbial
Anti-microbial additive reduces bacteria growth, odors, stains and prevents the spread of germs and growth of mold.

	ADVANTAGES	DISADVANTAGES	USE
Cotton	Good absorption and retention with limited shrinkage and a low initial cost.	Break-in period is required. Slow drying yarn leads to mildew, deterioration and lint	Designed for general use - scrubbing and cleaning up liquids.
Synthetic	Long stable fiber offers excellent tensile strength without linting.	Higher cost. Poor absorption.	Rough surfaces.
Cotton Synthetic Blend	Excellent choice for performance, price, durability and color options.	Possible shrinkage.	For professionals who require a better, longer-lasting mop.
Rayon	Absorbs quickly with easy release. Dries fast and is mildew resistant. Cleaner yarn with less linting.	Shrinks when laundered and has less liquid retention.	Use for applying liquids such as disinfectant or floor finishes.

2 Headband Type

Narrow Band
The textured polyester band attaches to quick-release handles.

ACME Thread Connection
Attach to ACME threaded handle for universal compatibility with other cleaning tools.

Wide Band
This vinyl-coated mesh band fits jaw-style handles. Changing the mop head is quick and convenient.

Screw Top
Its metal screw-on attachment easily twists onto screw-in mops.

WET MOPPING GUIDE

3 Tailband Type

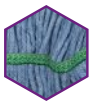

Woven Tailband

Provides more expansive floor coverage, launderability and a prolonged mop life.

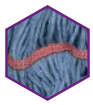

Sizes are indicated by tailband color:

Small

Medium

Large

X-Large

No Tailband

Economical, great for smooth floors recommend hand-wash only.

4 End Type

Looped-End

Prevents fraying and unraveling, reducing labor and replacement costs the life expectancy makes looped-end mops a long-term economical choice.

Cut-End

Starts at a lower initial purchase price compared to looped-end. However, it cannot be laundered and covers less surface area per pass.

Color-Coded

Easily assign specific colors to certain areas in your facility to reduce cross-contamination and increase sanitation.

Size

Mop sizes range from Small to X-Large. The proper size depends on the square feet of your mopping area.

Absorbency

Collects and retains liquid at higher levels enabling faster floor drying times to increase productivity and safety. Rayon and cotton yarns have the highest absorbency.

Durability

Mop durability measures how long it will last or perform before needing replacement. Synthetic and blended mops are the most durable.

Launderability

The number of washing cycles the mop can endure before it degrades or capabilities plummets. Synthetic and blended fiber mops have the highest levels of launderability.

Release

How well a mop disperses liquid onto the floor or during wringing. Higher levels promote quicker and more thorough wringing and more effective cleaning applications.

The majority of our mops are made with recycled materials.

TABLE OF CONTENTS

LOOPED-END MOPS

SPARTA

MICROFIBER (WIDE BAND)

- Medium looped-end microfiber mops combine the absorbency, launderability, and durability of microfiber with a conventional string mop design and functionality
- Yarn won't tangle
- Fits jaw-style mop handles

36942002

4-PLY RAYON BLEND FINISHING (NARROW AND WIDE BAND)

- Available with either a wide or narrow band
- Durable 4-ply rayon blend
- Releases liquid faster than a conventional mop for a smoother finish

369675B00

369670B14

ROUGH SURFACE (NARROW BAND)

- Excellent for abrasive surfaces: stone, quarry tile, concrete
- 17oz knitted "t-shirt" material has superior absorbency
- Not launderable

- Large capacity is great for large cleaning areas and the cost conscious customer.

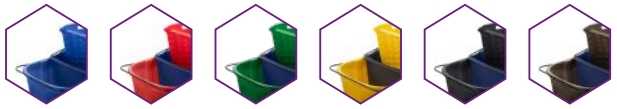

OMNIFIT™ MOP BUCKET SIDE PRESS WRINGER COMBO - 35 QUART

96904*

Replacement Wringer Sold Seperately	Side Press Wringer	Down Press Wringer	Dirty Water Seperation	Color-Code Option	Cost	Superior Anti-splash Design
Yes	*Yes*	*No*	*Yes*	*Yes*	*$$*	*Yes*

- The OmniFit™ features a dirty-water bucket that segregates the dirty water allowing the operator to only empty out the 17 qt of dirty water and preserve the clean water for future use. This cuts down on chemical use and every cleaning does not require a full 35 qt of water and chemical.
- Large capacity and color-coded option, along with dirty water bucket, makes the OmniFit ideal for large applications such as building service contractors and food-processing facilities.
- Designed to reduce splashing and potential slip and falls.

Blue (14) Red (05) Green (09) Yellow (04) Black (03) Brown (01)

CLASSIC ecoLOGIC DISPENSERS

THE ECO LOGICAL CHOICE

San Jamar Classic ecoLogic™ dispensers are made from recycled, sustainable materials and shipped in 100% recycled boxes with biodegradable plant-based bags.

They feature the same trusted Classic design—now with a green "eco" logo to highlight your commitment to the environment.

Using ecoLogic universal dispensers helps facilities reduce their carbon footprint and achieve long-term sustainability goals.

Best of all, they cost the same as standard Classic dispensers.

Show The World

TIMELESS™ DISPENSERS

FEATURES & BENEFITS

- San Jamar's new line of competitively priced, universal paper and soap dispensers that deliver sleek design and durability providing outstanding value.
- Engineered for any brand of paper, plus all bulk foam, liquid, or lotion soaps and sanitizers, Timeless™ offers true dispensing flexibility.
- Available in black or white with custom branding options for maximum impact.
- The collection includes bath tissue, folded towel, roll towel, centerpull, and soap dispensers to fit every facility need.
- With competitive pricing and retail-friendly packaging, Timeless™ is also ideal for cash-and-carry sales.

Single 9in JBT Tissue Dispenser

- Universal dispensing of any brand or quality of 9in jumbo bath tissue (JBT)
- Attractive design with ergonomic loading system
- Provides multi-directional tearing and easy paper access for ease-of-use

Mechanical Hands-Free Roll Towel Dispenser

- Universal dispensing of any brand or quality of roll towel paper
- Easy operation and maintenance with no batteries required
- Touchless, automatic precision mechanical dispensing

Manual Soap Dispenser

- Works with all bulk foam soap, liquid or lotion soaps and sanitizers
- Hinged-cover design for easy opening and soap replacement
- Viewing window to monitor soap level without opening the dispenser

Our unique waffle key opens and closes every plastic dispenser in our product line.

TABLE OF CONTENTS

MAKING AN ADA TITLE III COMPLIANT WASHROOM

Creating spaces that are inclusive and accessible for everyone is essential, as more than 14% of the population live with disabilities. San Jamar offers innovative solutions designed to support these individuals, helping to make everyday tasks more manageable while ensuring your business meets ADA Title III washroom requirements.

The ADA requires that there be clear space for approaching the paper towel dispenser, measuring 30 inches by 48 inches. (4.27.2)

PAPER TOWEL DISPENSERS

SMART SYSTEM WITH IQ SENSOR™

San Jamar's sensor towel dispenser makes it easy to receive paper quickly and consistently by simply presenting your hand or arm in front of the sensor.

- Recessed design ensures accessibility in tight spaces

An electronic towel dispenser is an ideal solution for paper delivery because it does not require tight grasping, pinching, or twisting of the wrist (4.27.4)

T8406SSADA

T8000TBK T1300TBK

TEAR-N-DRY

The Tear-N-Dry is a completely touchless dispenser that consistently dispenses 10in paper without delay.

- Compact, battery-operated units ensure accessibility in tight spaces

LEVER ROLL TOWEL

The Lever Roll Towel dispenser is easy to use and requires less than 5lbs of force to dispense the towel, as required by the ADA.

- Handle features an angled design to assist individuals with limited hand mobility

An electronic towel dispenser is an ideal solution for paper delivery because it does not require tight grasping, pinching, or twisting of the wrist (4.27.4)

T950TBK

T850TBK

Integra™

The Integra is San Jamar's most compact, manual roll towel dispenser with a hands free alternative dispensing arm.

- Contoured dispensing arm offers a hands-free alternative when you use your wrist, arm, or elbow to dispense paper

TABLE OF CONTENTS

MAKING AN ADA TITLE III COMPLIANT WASHROOM

FOLDED TOWEL

Touchless, one-at-a-time dispensing minimizes the effort required to retrieve towels, making it user-friendly for individuals with limited mobility or dexterity.

- Low-profile design is ideal for tight fitting spaces

For dispensers intended for a side reach approach, the towel dispenser shall be mounted between 9 and 54 inches above the floor and 15 and 48 inches for a forward reach. (4.2.6)

T1755TBK

TISSUE DISPENSERS

SINGLE 9IN JBT

San Jamar's Single 9in JBT dispenser is designed for easy access to tissue with multidirectional tearing.

A wheelchair requires a clear space of at least 60in in diameter to make a 180-degree turn.

R2000TBK

R4000TBK

TWIN 9IN JBT

The industry-leading Twin 9in JBT is one of San Jamar's more versatile jumbo bath tissue dispensers due to its compact size.

VERSATWIN

The Versatwin dispenses standard bath tissue and has a contemporary, space-saving design that works well in small spaces.

Tissue dispensers that control delivery or that do not permit continuous paper flow, shall not be used. (4.16.6)

R3600TBK

TABLE OF CONTENTS

MAKING AN ADA TITLE III COMPLIANT WASHROOM

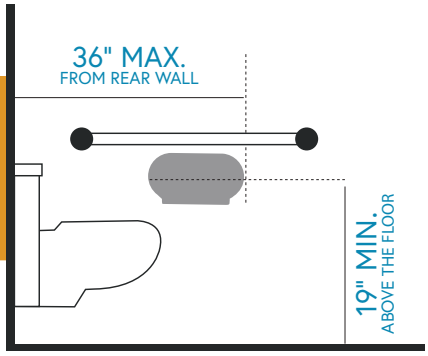

R3500TBK R1500XC

STANDARD ROLL

Compact design means these dispensers can be installed at an accessible height while fitting into tight spaces, as required by ADA guidelines.

- Slim and compact size ideal to fit in any washroom

Bath tissue dispensers shall be mounted with the center line of the tissue roll at least 19" above the floor. The rolls should be located so their leading edge is just in front of the toilet seat, no more than 36in from the back wall. (4.16.6 Flg.2g(b))

SOAP DISPENSERS

HYBRID SOAP

Hands free or manual, dual dispensing methods easily accommodate users with varying needs and abilities.

Soap dispensers shall be operable with one hand and require no more than 5 lbs of force when full. Wall mounted units shall be located where push buttons are 44in maximum above the floor. (4.27.4)

SH900TBK Liquid/
SHF900TBK Foam

S900TBK Liquid/
SF900TBK Foam

MANUAL SOAP

The large, manually activated dispensing bar is easy to use for individuals with limited dexterity or strength.

TABLE OF CONTENTS

TOWEL DISPENSERS

RESTROOM CLEANING ESSENTIALS

Our dispensers are just the start of a clean, well-stocked washroom. A truly complete solution also includes the right cleaning tools—and Sparta offers a full line designed to keep every surface fresh and sparkling.

Sparta® Spectrum® Hygienic All Plastic Squeegee 41567(05)
All plastic double-foam squeegees are easy to sanitize. Will not rust. Use with 40225(05) Handle.

Bi-Level Scrub Brush 40423EC(05)
Multi-angle bristles clean baseboards and around cabinets. Use with 40225EC(05) Handle.

9" Tile & Grout Brush 41323EC(05)
Bevel cut bristles tackle grout lines. Molded-in scraper. Use with 40225EC(05) Handle.

18" Roll 'N Grip Holder System 4073100
Keeps cleaning tools organized. Promotes fast drying.

Cotton Blend Looped-End Mop 369418B(00)
Highly absorbent 4-ply blend. Use with 41664(05) Sparta® Quik-Release Mop Handle.

26 Qt Mop Bucket/Wringer Combo 36908(05)
Durable, corrosion resistant Polyethylene with nonmarking casters.

20" Sparta® Utility Scrub Brush w/Polypropylene Bristles 40501EC(05)
Versatile design for a variety of uses.

21" Bowl Brush w/ Polypropylene Bristles 3633(00)
Slim style bowl brush is a bathroom basic.

Sparta® Hand & Nail Brush 40020EC(05)
Stiff center bristles for thorough cleaning. Works better than soap & water alone for cleaning under nails.

Ergonomic Power Plunger 36439(03)
Maximizes applied force while maintaining ease and longevity of use.

TABLE OF CONTENTS

DISH DOLLIES

OPTIMIZER™ ADJUSTABLE DISH DOLLIES

- Adjustable dividers eliminate the need for individually sized dollies
- Dollies hold plates from 5.5in to 12.5in
- Polyethylene dividers and walls help prevent dish edge chipping
- Two-handed access to all plates reduces breakage
- Includes vinyl cover with easy-opening hook and loop side included for sanitary storage

ADD4

ADD4 Optimizer Dollies:

- Can hold trays, plates, and platters for increased flexibility
- Holds five stacks of 9.88in to 11.25in plates; 25% more than any other similar dish dolly
- Use 2-4 dividers for 10in or larger plates; 6 dividers for 8in to 9.75in plates; 8 dividers for 8 stacks of 7.75in or smaller plates
- Use 2 dividers for 13.5in x 10.5in platters; 6 dividers for 9.5in x 7.25in to 12in x 9.25in platters.
- Non-marking casters (2 rigid 10" and 2 swivel locking)

ADD6

ADD6 Optimizer Dollies:

- Can hold trays, plates, and platters for increased flexibility
- Holds eight stacks of 5.5in to 8.25in plates; 33-50% more than any other similar dish dolly
  (up to 50 or more plates per stack, depending on plate profile)
- Use 2-4 dividers for 10in or larger plates; 6 dividers for 8in to 9.75in plates; 8 dividers for 8 stacks of 7.75in or smaller plates
- Use 2 dividers for 13.5in x 10.5in platters; 6 dividers for 9.5in x 7.25in to 12in x 9.25in platters.
- Non-marking casters (2 rigid 10" and 2 swivel locking)

ADS4

ADS4 Optimizer Dolly Features:

- A smaller size to fit through narrow corridors or under tables
- A flexible configuration to hold a variety of plates
- Features 4 swivel non-locking casters

DOLLIES & TOOL CADDIES

BRONCO™ ROUND WASTE CONTAINER DOLLIES

- Round waste container dolly with five swivel casters fits 20-, 32-, 44-, and 55-gallon trash cans for safe transport of heavy loads
- Simple twist-to-lock feature securely fastens dolly to container base
- Non-marking 3in swivel casters cleanly roll over a variety of indoor and outdoor surfaces
- 3691003 features threaded, replaceable casters (replacement casters sold separately) to extend dolly life
- NSF 2

3691103

3691704

TRIMLINE™ DOLLY

- Ease of movement allows waste containers to be filled and reduces transportation time for emptying
- HACCP compliant – reduces handling and exposure and prohibits access to pests
- Low-profile design allows combined dolly and container to fit under standard foodservice counters
- Accommodates Carlisle TrimLine 15- and 23-gallon waste containers and similar competitor slim-style trash cans
- 3in non-marking swivel casters provide silent omni-directional movement across all surfaces for easy transport
- Weighs less than the leading competitor dolly
- Able to support up to 200 pounds

TABLE OF CONTENTS

WIPESPLUS® WIPES

wipesplus

CLEANING VS. SANITIZING VS. DISINFECTING

SANITIZING is about *reduction*; **DISINFECTING** is about destruction!

DISINFECTING

The destruction or irreversible inactivation of germs on surfaces. Disinfecting wipes are regulated by the EPA and have kill claims against bacteria, viruses, and fungi.

SANITIZING

The significant reduction of bacteria to a safe level. Sanitizing wipes are regulated by the EPA or FDA (depending on application) and have kill claims against bacteria.

CLEANING

The removal of dirt and grime from surfaces. Cleaning wipes do not have any kill claims.

DISINFECTING SURFACE WIPES

- EPA registered and kills 99.9% of germs and bacteria in just 15 seconds
- Kills the COVID-19 virus, cold & flu virus, and strep
- Quat-based, bleach free formula neutralizes odors and leaves a lemon scent
- Fast drying, streak-free
- Ideal for institutional and industrial use (hospitals, airports, schools, hotels, exercise facilities, public restrooms, and more)

35022	Hand Sanitizing Alcohol Free Wipes, Individual Sachets	CS	1,000

HAND SANITIZING WIPES

- Hand sanitizing wipes not only kill germs but also physically wipe them away from the skin, unlike gels that leave defeated germs behind
- Contains aloe and vitamin E to nourish and moisturize skin
- FDA registered
- 70% ethyl alcohol formula
- Kills 99.9% of germs
- Helps prevent the spread of germs that cause illnesses

WIPESPLUS® MULTI-TASK SYSTEM

wipesplus

MULTI-TASK WIPES

- Durable, absorbent, non-quat binding wipes preserve the efficacy of sanitizing and disinfecting chemicals
- Allows end users to use their own chemical solution and create their own wet wipes
- The chemical solution only needs to be replaced when the refill roll is gone
- Creates a system that greatly reduces the risk of cross-contamination to create a healthier, safer environment

MULTI-TASK BUCKETS & LIDS

- Designed for use with WipesPlus Multi-Task Wipes
- Sliding cap for quick and easy access to wipes
- Window for test strips
- Easy on/easy off lid
- Ergonomic handle

64OZ MEASURING CUP

- Designed for use with WipesPlus Multi-Task Wipes and WipesPlus Multi-Task Buckets
- Easily measure the correct amount of chemical solution every time

AS EASY AS 1-2-3!

1. Insert WipesPlus® Multi-Task dry roll of wipes into a WipesPlus® Multi-Task Bucket.
2. Pour 64 oz. of liquid containing your preferred chemical solution into the center of the roll.
3. Thread the end of the wipe from the center of the roll through the lid opening.

CONSERVE WATER

With the WipesPlus® Multi-Task System, a sanitizing bucket only needs to be changed when the refill roll is depleted. This means, instead of changing the sanitizing solution in each bucket multiple times each day, you may only need to change it once a week or once every 30 days! Less sanitizing bucket changes means less water used to dilute sanitizing chemicals.

MINIMIZE CHEMICAL COSTS

Less sanitizing bucket changes **ALSO** means using less chemical concentrate. Decreased usage of chemical concentrate can lead to big monetary savings!

LOWER LINEN COSTS

Replacing the red bucket and towel system with the WipesPlus® Multi-Task System means replacing a portion of your linens with our disposable, fresh-every-time wipes. Using less linens will lower your linen laundering costs.

INCREASE LABOR PRODUCTIVITY

Team members can focus on other tasks if they don't have to spend time emptying sanitizing buckets, measuring chemical concentrate, measuring water to properly dilute chemical concentrate, refilling sanitizing buckets, and locating clean towels. This will increase productivity and make it easier for your teams to maintain compliance with the FDA Food Code.

TABLE OF CONTENTS

BRISTLE MATERIAL GUIDE - SYNTHETIC BRISTLES

Synthetic Corn

Excellent chemical resistance. X-shaped bristle allows for superior sweeping on carpeting and entry mats. Ability to sweep liquids and dry debris. Superior longevity versus natural corn. Sustains temperatures up to 225°F.

Synthetic Palmyra

An ideal substitute with all the inherent properties of natural Palmyra. Bristle material has superior chemical resistance to acids, oil, fungus, and bacteria growth and withstands temperatures up to 225°F. A superior alternative that exceeds natural bristle performance.

Nylon

Excellent abrasion resistance, shear/break strength, and bristle bend recovery. Very good chemical resistance and sustains temperatures up to 350°F. Best choice for abrasive, rough use.

Nylon Grit

Nylon filament with silicone carbide in each bristle, designed for use in general light scrubbing to heavy-duty scrubbing and stripping. Nylon grit cleans floors faster and reaches into grout lines for thorough cleaning.

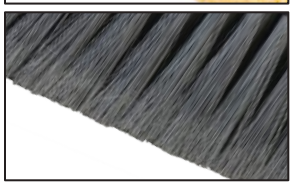

Aggressive Nylon Grit

An extra aggressive nylon filament bristle material with silicon carbide grit for scrubbing heavily soiled floor surfaces.

Polyester

Excellent chemical resistance, ultra violet light resistance, and bristle bend recovery. Very good abrasion resistance, and tear/break strength. Sustains temperatures up to 125°F. Best choice for all around use and for extreme exposure to cleaning chemicals.

Polypropylene

Excellent chemical resistance to acids, oils, fungus, and bacteria growth. Good abrasion resistance and shear/break strength. Sustains temperatures up to 225°F. Best choice as an economical synthetic foodservice alternative to natural fibers.

Flagged Polystyrene

A specially-treated type of polystyrene that has excellent bristle bend recovery and tear/break strength. Very good chemical resistance and fine bristle tip design resists matting for use up to 180°F. Best choice for floor sweeps and brooms.

Polystyrene

Has excellent bristle bend recovery and tear/break strength. Very good chemical resistance for general use up to 180°F. Best choice for floor sweeps and brooms.

Teflon©

Excellent heat resistance, abrasion resistance, and shear/break strength. Very good chemical resistance and bristle bend recovery. Sustains temperatures up to 500°F. Best choice for high heat uses.

Teflon© is a registered trademark of E.I. DuPont de Nemours & Co., Inc.
All plastic blocks and plastic bristles are made of FDA approved base resins.

TABLE OF CONTENTS

BRISTLE MATERIAL GUIDE - NATURAL BRISTLES

Horsehair

A natural pointed tip, good shear/break resistance, and soft cleaning properties. Good durability and excellent blending properties make this an ideal choice for interior floor sweeps when blended with other fibers.

Boar Bristle

Bleached and sterilized bristles can withstand temperatures of up to 500°F. Double boiling process ensures integrity of bristles over long life. Natural taper and split ends of boar bristle make this one of the best choices for high heat basting.

Bassine Fiber

Natural stiff and coarse fibers from India palms is a classic choice for heavy floor cleaning.

Bass Fiber

Natural African Bass Fiber is coarse, stiff, and provides good flexibility for use in upright floor sweeps and as a blend with other fibers for other applications.

Palmyra

Natural medium stiff fibers from India palms is an excellent choice for general floor sweeps. Provides good durability and bristle recovery.

Tampico

Natural Tampico fiber from the Mexican agave plant is a soft to medium soft bristle with very good durability. Good choice for finer floor sweeps and general cleaning scrub brushes.

Stainless Steel Wire

Rust proof, excellent chemical resistance, excellent bend recovery, provides a high degree of abrasion and wear resistance. Best foodservice choice for aggressive cleaning on grills and other heavily soiled foodservice equipment.

Carbon Steel Wire

Provides a high degree of abrasion and wear resistance. Good bend recovery. Best choice for aggressive cleaning on grills and other heavily soiled equipment.

Brass Wire

Rust resistant, provides a high degree of abrasion but is softer than stainless steel or carbon steel to prevent equipment damage. For use on ovens, griddles, and other metal equipment that is heavily soiled but cannot sustain heavy scratches.

HOW TO CONTACT US

You can reach our Customer Service team at 800-654-8210
We're available Monday through Friday, from 8:00 AM to 5:00 PM CST

For general inquiries,
please email us at
customerservice@cfsbrands.com

Expected response time:
2 Business Hours

For returns,
please email us at
returns@cfsbrands.com

Expected response time:
2 Business Hours

For new PO submissions,
please email us at
orders@cfsbrands.com

Expected response time:
2 Business Hours
