"At Oceana Grill, we seat up to 450 people at any given time, you can imagine how much plateware we are using throughout the day. When we first switched over to melamine, we had issues with breakage, burn marks, and the G.E.T. products have fixed that.

This is a product that lasts, is durable, and we are able to have a luxury type of look, but it's light enough that we are able to carry it around upstairs, go through the dishwasher, and isn't hot to the touch."

Hermosa

#MelamineMagic #ModernCharm #DimensionalDining

Each piece of the Hermosa collection is unique

Hermosa lends its name to the geometric seashell design of each unique dinnerware piece. A pitted matte finish protects your investment by extending the product's lifespan. The corrugated channels add dimension to your cuisine while minimizing signs of heavy use.

Della Terra Stoneware

#Stoneware #Durable

Gaining influence from stone-based dining forms, Della Terra's design provides a real-stone look and feel

Della Terra, meaning 'of the earth' in Italian, is inspired by natural elements. The assortment of plates, bowls, and serving dishes suggests luxuriant capabilities for a boundless variety of cuisines. The speckled granite design mimics the realistic appearance of actual stone slabs. The stunning off-white color is reminiscent of authentic ceramic and provides chefs with a beautiful backdrop to display food creations.

Denali

#PeakPerformance #AlpineAesthetics #WeatheredBark #OutdoorDining

Like Denali, the highest mountain peak in North America, this product line reaches new heights

Denali was inspired by the natural wonders of Denali National Park in Alaska. The line offers three different design options which are derived from earth tones found in nature. An imitation wood-grain impression on each piece simulates a weathered bark expression. This product line is an adaptable and dependable choice for all food service needs.

Tenaya

#FunctionalArt #TimelessTenaya #SeamlessPresentation

Tenaya's nature-influenced pattern is an excellent choice for any presentation with its handmade look and feel

Tenaya's design was inspired by the iconic lake in the Sierra Nevada mountains. The hammered texture is sure to add dimension to your table setting while also disguising fingerprints and watermarks. The matte surface is ideal for the fast-paced dining environment due to minimized staining and surface scratching.

Macchiato

elite Global Solutions

Macchiato flaunts dark specks of brown chocolate chips among the white-dimpled background

Macchiato, a word meaning marked or spotted in Italian, received its inspiration from the milk-infused espresso drink. Smooth edges mixed with an asymmetrical design complement the coffee house-inspired concept. The fresh design features round, oval, and rectangular plates as well as bowls created for tabletop presentations with elegance in mind.

Pebble Creek

#BlankCanvas #PebbledShine #DimpledTexture

Pebble Creek, named for its pebble-worn dimpled texture, is a coupe design that compliments a wide variety of cuisines

The bright white color provides the chef with a blank canvas to display their artfully crafted creations. Due to the irregular and bumpy surface of the dinnerware line, these products offer superior masking against fingerprints, watermarks, scratching, and abrasion. Durable enough to maintain a full-service buffet or cafeteria, **Pebble Creek** outshines the competition.

Inspired by the coveted Hawaiian coffee beans, Kona combines modern shapes with a matte two-tone design

Kona features heavyweight melamine construction which has the look and feel of real ceramic while maintaining the sanitary and durability qualities of melamine. A round coupe contour resembles coffee beans and the white speckled interior gained its influence from blooming white flowers. The coffee-colored display is ideal for a rustic farm-to-table setting or a fast-casual dining experience.

Porcelain Dinnerware

corona

G.E.T. is the only supplier of **Corona** porcelain dinnerware collections in the US.*

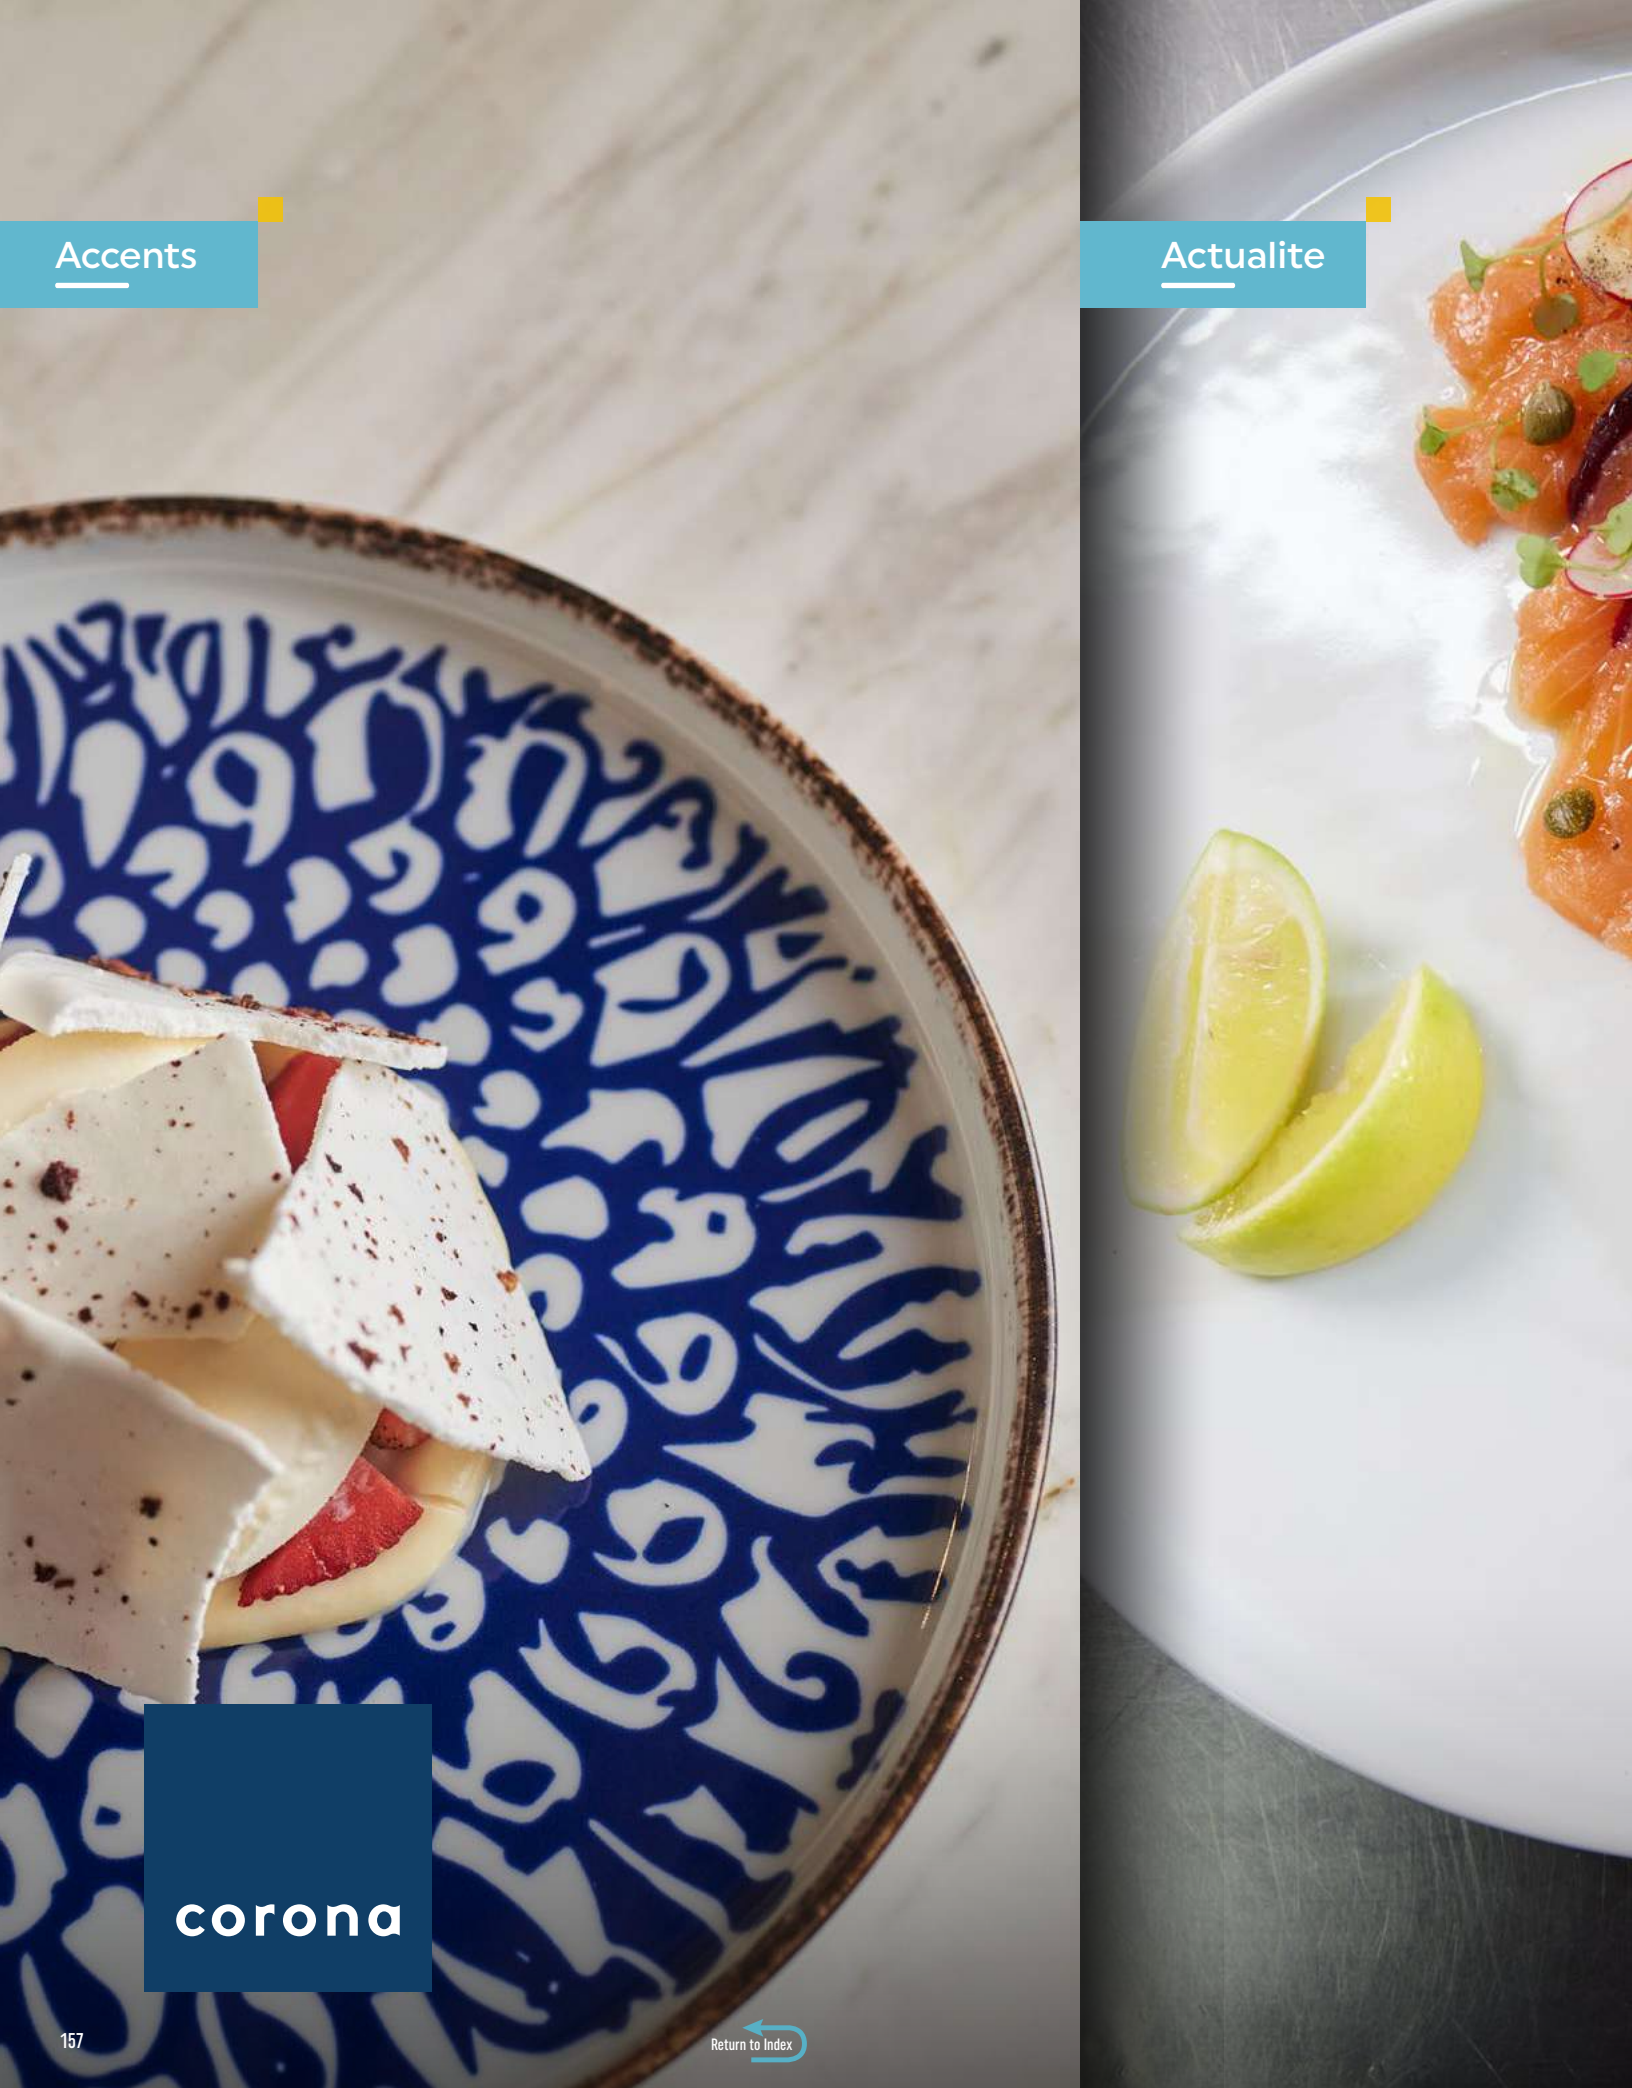

Based in Colombia, South America, **Corona** porcelain boasts 140 years in business for a reason: Nobody offers their level of quality, durability and style at such an excellent price point.

Steak knife or salamander finishing? We have the solution.

Porcelain stands out as the optimal choice for dinnerware when serving entrees that demand the use of a steak knife or necessitate exposure to various heat sources such as a salamander, heat lamp, oven or microwave. Its inherent qualities make it a superior option in these scenarios, providing both practical functionality and aesthetic appeal.

*G.E.T. is the exclusive provider of Corona Brand porcelain outside of Latin American, Spain, Portugal and Italy.

Fry Cones

Functional and chic, a standout for tabletop presentation

Functional and stylish, these **Fry Cones** are a tabletop standout. This accessory raises the presentation and may justify higher-menu pricing. Opt for a simple design or upgrade to **Fry Cones** with ramekin holders for a side of sauce. Beyond fries, experiment with other sides like onion rings, potato or tortilla chips, sweet potato tots, and more. Combine with our double-sided, grease-resistant inserts for optimal use.

Food-Safe Paper

#Baskets #FoodSafe #Paper #GreaseResistant

Paper perfection for every serving need

Lining your baskets with paper has never been more versatile and stylish. These food-safe tissue liners serve various purposes, from wrapping sandwiches to lining trays and baskets. Their grease-resistant yet porous design allows steam to escape, making them an excellent choice for hot applications. The food-safe feature ensures confidence for your patrons. Choose from a wide range of options, spanning crisp white to warm brown, adorned with colorful checkers and playful mock newsprint patterns.

Heiss Accessories

Great design isn't always what you see - sometimes, it's in the subtle details.

Building dramatic presentations with the subtle design of **Heiss™ accessories** couldn't be easier. The **Heiss™** lid holder and knob cover add flair in "barely-there" style while keeping food hot until it's ready to serve, and increasing operational safety.

For more information on our G.E.T. Heiss solutions for Hot Systems, please go to the **Buffet and Banquet** section to find liners and tiles for sleek buffet presentations.

Tuscan Mill

#Melamine #Displayware #Farmhouse #Rustic #Vintage #RimDesign

Farmhouse, rustic rim design meets flexibility for dynamic displays, complementing various collections

Tuscan Mill Displayware seamlessly blends design elements from the Urban Mill and Osslo collections with the charming farmhouse-style rim of the Tuscan line. This collection harmoniously complements the four distinct Mill patterns, providing buffet and banqueting operators with the flexibility to mix and match, creating sought-after décor styles such as farmhouse, rustic, and vintage. Select from two surface textures: Tuscan Mill, featuring gentle ripples for dynamic displays, or Classic Tuscan, offering a smooth surface for more traditional presentations.

Strata

Strata redefines buffet service with fashion-forward style, operational efficiency, and innovation

When it comes to serving a crowd with style and efficiency, G.E.T.'s Strata collection is a game-changer. Whether you're running an attendant-served buffet or opting for a self-serve style, our comprehensive selection of buffet systems, action stations, and more, caters to all your needs - from hot food and cold food to shelf-stable items like pickled veggies and cured meats.

The centerpiece of this collection is the ingenious Strata buffetware system, meticulously designed to put the spotlight on your delicious creations. With thoughtful features such as enhanced safety mechanisms for canned fuel, lighter weight pieces, and a brilliant storage and transport cart, your buffet service will stand out from the rest and be the talk of the town.

Strata collection also includes versatile action stations, perfect for display cooking, complete with options for flat-top or grill-top cooking. The possibilities are endless, allowing you to showcase your culinary finesse and delight your guests.

At G.E.T., we understand that the right buffet solutions can make all the difference in creating a memorable dining experience. That's why we combined fashion-forward design with operational durability, ensuring you have the tools you need to succeed. Let us help you elevate your buffet service to new heights with our Strata buffetware collection.

Fit Perfect™ beautiful glossy finish and clean lines put the focus on your food and draws attention to your cold bar.

The best temperature control

Bugambilia®'s patented resin-coated aluminum keeps food within the temperature safety zone longer than similar products and stainless steel.

Operationally friendly cold bar system

Only **Fit Perfect™** adapter bar system locks vessels in place to prevent moving and slipping.

Stackable design eliminates jamming and maximizes shelf space in walk-ins.

Easy-lift corners make for easy change-out.

23 colors available

Fit Perfect™ can be created in 23 colors and is coated in a glossy, smooth **Bugambilia®** Mod™ finish.

Most products stocked in (WW) White. Allow 3-4 week lead time for all other colors.

How does it work?

Adapter Bars

These patent-pending bars securely lock Fit Perfect™ pans into the majority of cold wells.

You'll need adapter bars to build your layout's main support system

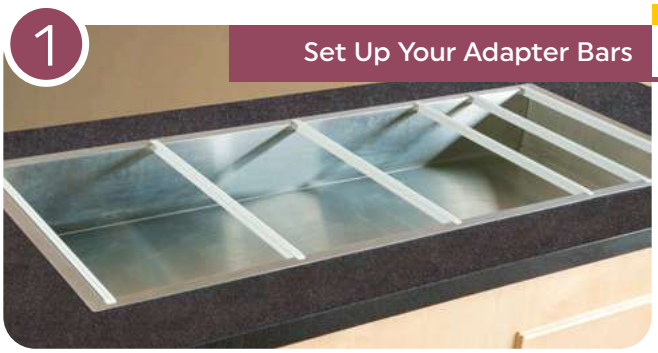

Gap Bars

Because not all wells are the same length, you may need gap bars to fill any spaces in your layout.

Wider than adapter bars, gap bars help seal wells to prevent cold air from escaping.

1 Set Up Your Adapter Bars

Once you know your layout, set your adapter bars into your well widthwise, allowing enough space in between to match the width of your food pans.

Note: Fit Perfect™ works with the majority of industry cold wells. For wells with interior width range of 19.75" to 20", use CIHSPC21-WW adapter bar. For wells with interior width range of 11.88" to 12", use CIHADP12-WW. Contact us for wells with rounded corners.

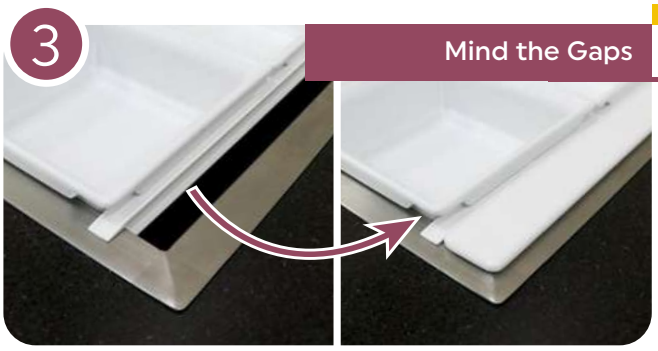

2 Set Your Food Pans in Place

Place the lip of the Fit Perfect™ food pan over the ridge on the adapter bars to lock food pans in place.

❄ *PRO TIP* Pre-chill empty Bugambilia® resin-coated aluminum products in your walk-in when not in use to maintain food's freshness and reduce waste.

3 Mind the Gaps

If a layout leaves any uncovered spaces, just fill them in with the gap bar to keep cold air from escaping and complete the seamless look.

Note: Not all standard wells are the same length. Knowing the overall length of your well will help to determine what size gap bar you will need.
Gap bars are available in 1", 1.5", 2", 2.5", and 3" widths

Eco-Takeouts®

Disposable food packaging comes with major environmental impact, contributes to greenhouse gas emissions, waste generation, has limited durability with leak or food safety concerns affecting customer experience, and is a repeat expense.

A single Eco-Takeouts® container replaces 1,000 disposable ones, saving you significant money and waste. Extremely durable, dishwasher safe and microwavable in 1-minute pulses, our comprehensive Eco-Takeouts® line accommodates a large variety of menu items to help you transition to circular Take, Fill, Return, Track model to reach your environmental and financial goals.

Colleges and universities, business and industry, restaurants, delivery services, hospitals and senior living communities have all embraced the savings and improved dining experience only Eco-Takeouts® can offer.

Ask us for a custom savings quote and we'll tell you exactly how much you can expect to save over disposables during the first three years of ownership.

Stay ahead of upcoming single-use disposable regulations! Regulation already in place? We are here to help...

Let's make the world a better place, elevate guest experience and save you money

What is Eco-Takeouts?

Eco-Takeouts are reusable to-go takeout containers designed to replace single-use disposables. It is made with recyclable plastic #5 - Polypropylene and is commercial dishwasher safe for over 1,000 cycles. It is also microwave-safe for reheating food, flat stacking, break-resistant, leak-resistant, 100% BPA-free, non-toxic, and available in a variety of shapes and custom colors. It can even be branded with a customized logo or design.
Eco-Takeouts are simple to use, with a Take > Fill > Return > Track model. Eco-Takeouts are a comprehensive offering for nearly any menu item, including soup and beverage options, and are aimed at reducing waste, saving money, and elevating the guest experience.

Eco-Takeouts Applications

On and Off Premise Dining

Colleges & Universities

Students and faculty love Eco-Takeouts for convenient food to-go from the dining hall and other concepts around campus.

Business & Industry Campuses

Employees enjoy the flexibility of picking up to-go food from corporate dining halls to accommodate their busy schedules.

Cities Zero Waste Programs

Cities worldwide are spearheading zero plastic waste initiatives. Through innovative policies and community engagement, they strive to reduce plastic pollution, promote recycling, and create sustainable environments for future generations.

Senior Living

Elder care facilities embrace these reusables as a means to quickly distribute meals to room-bound residents while maintaining heat and creating meaningful cost and waste reduction.

Hotels & Resorts

Hospitality operations lean on reusables for employee dining and to provide guests with lunches and snacks during conferences, breakouts, or for roomservice.

Restaurant & Delivery

As more guests demand sustainable packaging, a growing number of individual restaurants and local chains have opted for Eco-Takeouts to their customers' delight!

Festivals & Outdoor events, concerts, stadiums

The necessity of transitioning from single-use disposable plastic to reusable containers in outdoor festivals, concerts, and stadiums cannot be overstated.

These events often generate significant amounts of waste, contributing to environmental degradation. By adopting reusable containers, organizers not only reduce the volume of plastic waste but also minimize the carbon footprint associated with production and disposal.

Moreover, reusable containers promote a culture of sustainability, encouraging attendees to adopt eco-friendly practices beyond the event. This shift not only benefits the environment but also reduces tremendously the amount of waste and enhances the overall experience by promoting cleaner, more sustainable spaces for entertainment and recreation.

The Promise of Eco-Takeouts

Are you currently using disposable food clamshell container in your operation?

Start the savings today and elevate your dining experience with stylish, sturdy, and earth-friendly reusable containers, leaving flimsy polystyrene and paper behind!

One **Eco-Takeouts** container replaces 1,000 disposable containers.

1 Eco Container = **1,000** Disposables

$5 **$250**

The resulting savings are substantial, and the higher the volume you serve, the more you'll save.

A Case Study

You already use our Eco-Takeouts, but you are seeing a low return rate: We have you covered!

LEVEL 1

Honor System - Average container return rate between 50 - 60%

Containers are provided at no charge by the dining services to the guest with a return requested within a specified time.

Containers can be collected in our G.E.T. Eco-Takeouts drop bin.

LEVEL 2

Accountability model- Average container return rate between 80 - 90%

A modest down payment per container is charged by the dining services to the guest. If the container is not returned within the specified timeframe, dining services keeps the upcharge. Similar system as borrowing a book from a library.

LEVEL 3

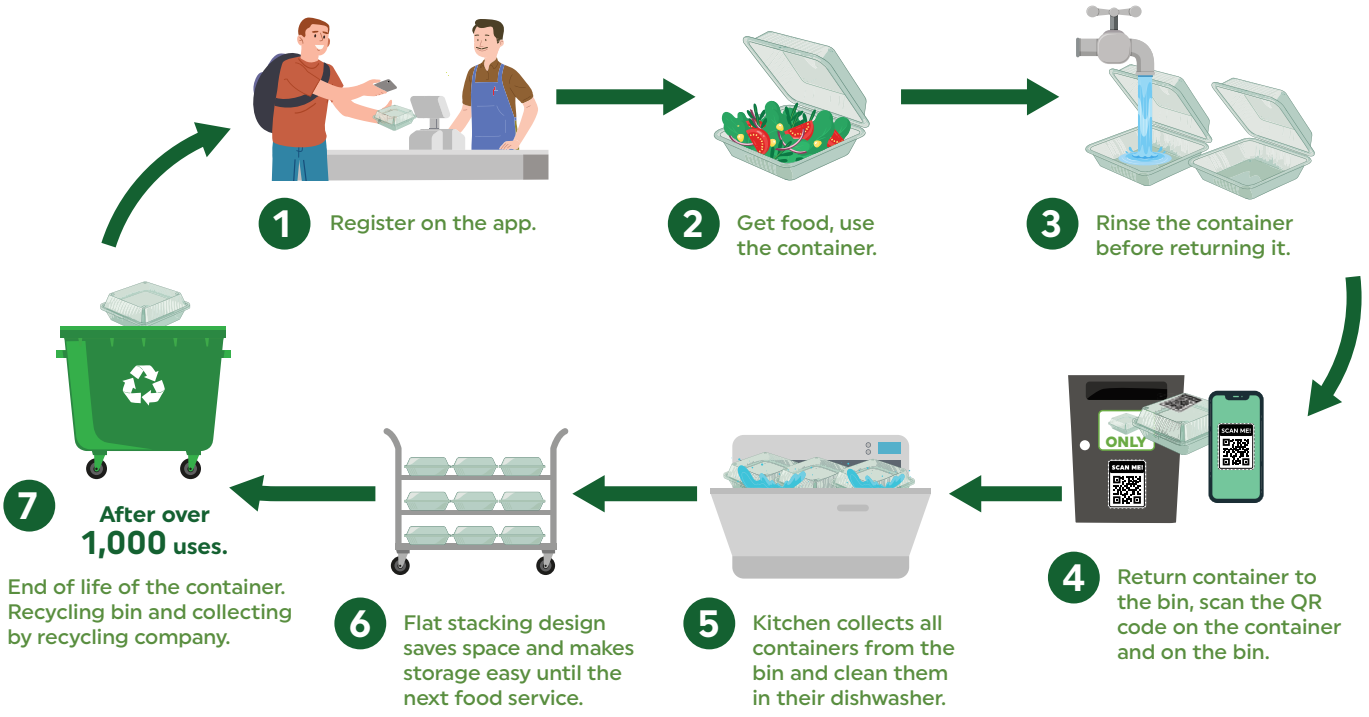

Accountability model App Powered - Average container return rate 97% - 99 %

Interested in Level 3 to increase participation rate, streamline waste management and promote ESG efforts with an app?

Inquire with us about leveraging a program management app for your Eco-Takeouts. Through our extensive network, we maintain connections with all the industry's top providers.

- The customer will be notified and given ten (10) business days to advise disposition of any unacceptable returns. If no response is received, goods will be discarded at G.E.T.'s discretion. Please note that some items do not allow for the case pack to be broken.
- Send return merchandise authorization requests to
- Custom imprinted items are non-returnable and non-refundable.

G.E.T. Care & Maintenance

When properly cared for, G.E.T. products offer a longer commercial service life when compared to traditional materials.

By following the product care instructions below, you can maintain the luster, appearance, clarity, quality, and integrity of your G.E.T. products; saving both time and money, as well as limiting operational uncertainty and liability.
Please feel free to contact G.E.T. Customer Service at with any questions.

DO

GENERAL CARE

1. Handle like any fine dinnerware or glassware.
2. Clean products as soon as possible to avoid destaining procedures and protein build-up.
3. Immediately remove any damaged or chipped products from use.

DISHWASHING & DESTAINING CARE

1. To prevent staining or protein build-up, and to maintain luster, it is recommended to rinse products as soon as possible and periodically presoak products before dishwashing.
2. Only use bleach-free sanitizers developed for commercial use.
3. Use an oxygen-releasing compound for any staining.
4. Non-abrasive sponges and woven plastic pads are recommended for cleaning products.

DO NOT

GENERAL CARE

1. DO NOT expose products to heat in excess of 200˚F or direct flame.
2. To avoid scratching, it is recommended to avoid use with serrated knives
3. To avoid cracking and blistering from heat, DO NOT use products with ovens, microwaves, heat lamps, or plate warmers.
4. To avoid chipping and scratching, DO NOT strike products with or on any hard surface.

DISHWASHING & DESTAINING CARE

1. To prevent chipping and scratching, DO NOT overload dishwasher racks.
2. To prevent scratching, DO NOT use harsh or abrasive scouring products such as steel wool or any metal pads to clean products.
3. DO NOT use chlorine bleach or chlorine-based sanitizing solutions when caring for melamine products.

Bugambilia® Care & Maintenance

Bugambilia® resin-coated cast aluminum is ideal for elegantly showcasing culinary creations while keeping them at safe serving temperatures, keeping them fresher for longer. The iconic, patented resin-coating delivers unparalleled durability for exceptional service life and value over other buffetware.

Please feel free to contact G.E.T. Customer Service at with any questions.

DO

GENERAL CARE

1. Ideal temperature range is from -20°F to 200°F.
2. Aluminum is a soft metal and might bend if dropped.
3. If a fault in the coating occurs, immediately discontinue use and take the product out of service.
4. White-type scouring pads may be used for cleaning.

DISHWASHING & DESTAINING CARE

1. Steam or high temperature dishwashing machines that reach in excess of 200°F/93°C can be used. Please note: dry heat in excess of 200°F/93°C may damage products.
2. To prevent staining, soak item in a solution of soapy water and bleach and then run through dishwasher.

DO NOT

GENERAL CARE

1. To avoid damage, DO NOT expose to flame or dry temperatures in excess of 200°F/93°C.
2. DO NOT use for food prep, cooking, baking, or storage.
3. To avoid scratches, DO NOT use carving or serrated knives.
4. Steam tables or surfaces in excess of 200°F/93°C (dry heat) will break down, melt, lift, or separate coating from aluminum body.
5. DO NOT use light color products in hot applications, as they may stain or discolor.

DISHWASHING & DESTAINING CARE

1. To avoid discoloration, DO NOT use iodine sanitizers.
2. Do not use metal scouring pads to avoid damages.

Heiss Cookware Care & Maintenance

Properly caring for your G.E.T. products rewards you with the best possible service life, keeping your replacement costs as low as possible.

Contact G.E.T. Customer Service by phone between 8:30 a.m. and 5:30 p.m. CST M-F with any questions: Email us any time at

On a stovetop, always use the burner nearest in size to your Heiss cookware.

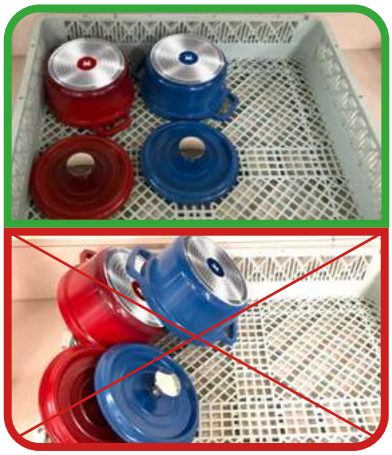

Always add water or oil before heating -never heat empty.

Always use soft cloths, sponges or brushes to scrub - never use harsh scour pads, steel wool or other similarly harsh materials.

Do not overload dish racks - properly space items for optimal cleaning.

Don't stack one Heiss directly on top of another when storing: Flip your lid! Turn the lid upside-down, place another Heiss on top of the lid, then repeat until you're four tall.

Heiss is safe to wash in a high-temp or low-temp commercial dishwasher.

Pre-soak often (every other week) for at least 2 hours or overnight. Recommend testing on one vessel prior to pre-soaking all inventory to ensure no discoloration occurs.

Never use with granulated dish detergent.

Never use cleaning products that contain bleach.

Always protect your hands with oven mitts when handling hot Heiss, including lids.

Before First Use

- Remove the pan from packaging.
- Rinse the pan with hot, soapy water and dry.

Use in Heat

- The max temperature is 500°F / 260°C.
- Always add water or oil before heating -never heat empty.
- When used under a heat source (broiler, heat lamp, etc.), there should be 2.5" of distance between the pan and heat source.
- On a stovetop, always use the burner nearest in size to the pan.
- Always protect your hands with oven mitts when handling the pans.
- Always lift the pan to move it. Never slide the pan, as this may cause damage to the stovetop or the base of the pan.

Storage

- Always store the pans without food and completely dry.
- Make sure the pans are completely dry before stacking them.

Cleaning

- Do not place a hot pan into cold water.
- Do not hit the pans against any object to remove leftover food.
- Use a silicone or nylon utensil to scrape leftover food.
- Do not use any metal or abrasive pads or abrasive cleaning agents on any of the surfaces.
- If wash by hand, simply wash with hot, soapy water and rinse and dry thoroughly.
- If wash in the dishwasher, rinse and remove food and place gently on the rack.
- Do not overload dish racks - properly space items for optimal cleaning.

Storage

- Do not use serrated knifes or any sharp utensil.
- Avoid dropping or throwing the pans over other metal objects or hard surfaces while cleaning tables or washing dishes.

Eco-Takeout

Dishwasher-safe for high or low temperature machines

Angle open-containers at 30° in a peg dish rack for thorough sanitation

Always use a bleach-free detergent

Use a special rinse aid designed for plastic

G.E.T. recommends Ecolab's Rinse Dry™

This Rinse Aid is specially designed to sheet rinse water off faster from any plastic to speed drying and is very effective with Eco Takeouts.

If a drying agent is not an option, plan time for them to dry before stacking as plastic naturally dries more slowly than porcelain and glass.

- For melamine products only, freight prepaid on orders totaling $2,600 USD Net to the following metropolitan destinations: Montreal, Toronto, Vancouver, and Calgary via common carrier. Routing selected by G.E.T.
- For mixed products, freight prepaid on orders totaling $3,300 USD Net or more to the following metropolitan destinations: Montreal, Toronto, Vancouver, and Calgary via common carrier. Routing selected by G.E.T.

PLEASE NOTE: Customers are responsible for all customs and broker fees. Any accessorial charges incurred due to a customer's request, such as sort & segregate (This includes lumper fees and lift-gate fees) or re-delivery, will be the responsibility of the requester.

3. Damages and Shortages and Additional Charges:

- Inspect your shipment carefully and check all merchandise against the Packing List before signing the Freight Bill. If you sign a Freight Bill, you are confirming that you have received the merchandise on the Packing List and you will be invoiced and held liable for the products listed on the Packing List. Always count the actual number of cartons, not pallets.
- G.E.T. is not responsible for concealed damage if not noted in writing on the Delivery Receipt at the time of delivery.
- All shortages, damaged goods, incorrect merchandise or concealed damage on the shipments must be reported to G.E.T.'s Customer Service Representative within 48 hours of receipt. If a shortage or damage is discovered, note the exceptions on the Freight Bill and notify our carrier to secure an Inspection Report. Send a copy of the Freight Bill and Inspection Report to G.E.T.'s Customer Service Representative immediately. Failure to do so will result in the claim being denied by the carrier. G.E.T. is willing to assist you in every possible way in filing claims, but these documents must be secured in order to do so. All damaged goods and shortages that are not properly documented and reported upon receipt become the sole responsibility of the customer.
- Incorrect delivery addresses or unplanned freight requirements incurring additional charges may be billed after delivery.

4. Order Add-on: Add-ons are not allowed on prepaid back orders.

5. Terms:

- For New Accounts: Check in Advance or Credit Card payment must be received for all initial orders to be released until credit references are received and approved. Sufficient Credit References are required to open an account with G.E.T.
- With Approved Credit: Net thirty (30) days from the date of invoice.
- All Past Due Invoices are subject to a 1.5% service charge per month.

6. Payments:

- G.E.T. accepts payments by check or ACH at no additional charge.
- G.E.T. accepts most major credit cards. A 3% transaction fee will be assessed on each payment and will be added to the total payment amount.

7. Returns:

- Returns are not accepted WITHOUT A RETURN MERCHANDISE AUTHORIZATION. The return merchandise authorization must appear on the shipping label. Authorized returns are to be shipped prepaid.
- Returned goods are subject to a minimum 20% restocking charge.
- Goods must be returned in the original shipping cartons and in new and resalable condition.
- On all returns, G.E.T. must be notified within sixty (60) days from the date of original shipment to receive a return merchandise authorization. No returns will be accepted after thirty (30) days from the date a return merchandise authorization was issued.
- All returns are subject to inspection by G.E.T. If goods are deemed not in sellable condition, credit will not be issued and the return merchandise authorization will be voided. Sellable condition is defined as the following:
  - Product is unused
  - Product is in the original box and packaging
- The customer will be notified and given ten (10) business days to advise disposition of any unacceptable returns. If no response is received, goods will be discarded at G.E.T.'s discretion.

8. Minimum Order: Minimum order is $50 Net. Any order under $50 Net will be charged a $10 handling fee.
